Stacy Weaver, Jr.; Dr. Weaver; another son, Dr. Walter Weaver; and Terry Sanford, chairman of the board of trustees. A third son, Dr. Charles Weaver, and Mrs. L. Stacy Weaver, Sr., were unable to attend the dedication.

Dedication Held On Campus May 3

Dedication ceremonies for two new residence halls were held on campus on May 3.

During afternoon exercises in the lounges of the two buildings, plaques were unveiled naming the new women's hall Weaver Hall in honor of President L. Stacy Weaver, and the men's hall Sanford Hall in honor of Terry Sanford, chairman of the board of trustees.

Speaking in response to the dedication, Mr. Sanford recalled that Methodist College only a few years ago was but a "dream in a cotton field." And, "although now a success, no longer a risk or an unknown quantity, it remains a dream." He expressed the hope that "all of us remain determined as we move forward to the fulfillment of that dream."

In exercises at Weaver Hall, Dr. Weaver said that "If men are to have monuments of steel and stone, I know of none more appropriate or more pleasing to me, than a habitation which is alive and vibrant with young people."

In speaking of the generations of young women who will be housed in the dormitory, he said: "Let this building be for them a haven from the storms which so often beset the pathway of youth; a quiet place to refresh body, mind and spirit; a place for opportunity to form lasting friendships, to study and to learn, that they may bring to full fruition all of the potentialities with which nature and nature's God has endowed them."

Also participating in the exercises were the following board members: the Rev. V. E. Queen of Sanford; the Rev. O. L. Hathaway of Durham; the Rev. N. W. Grant of Raleigh; the Rev. B. L. Davidson of Fayetteville; and the Rev. J. W. Page of Rocky Mount.

Student presidents of the two halls, Anna Gail Dixon of Burlington and Gordon Dixon of Mathews, Va., read the scripture lessons.

shals will be Jean Hutchinson and Bruce Jones, both also of Fayetteville. The sophomore class will be represented by Jean Barkley of St. Pauls and William Billings of Durham. Freshman marshals will be Gloria Dailey of White Oak and James F. Loschiavo of Fayetteville.

College Adopts Minors Program

A program of academic minors is being instituted at Methodist College, effective with the present freshman class. This represents a change from the "related work" concept presently in effect.

Under the "related work" concept, students major in a given subject and then fulfill a certain number of hours of study in other subjects regarded as having some relation to their major. This can involve several different subjects. Areas acceptable as related work are specified by the area chairman according to the student's major. Related work can be in several areas, whereas a minor will be confined to one.

In announcing the decision by the faculty and Board of Trustees to adopt the new program, President Weaver explained that under the new plan minors will be required of all graduates.

Students will be free to choose minors from the following subjects: biology, chemistry, economics, English, French, history, mathematics, music, philosophy, physics, political science, psychology, religion, secondary education, sociology, or Spanish.

Board Of Trustees Adopts Immediate And Long-Range Development Program

A Trustee Development Program to complete the funding of a \$1,050,000 Fine Arts-Auditorium Building at Methodist College was unanimously approved by the college board of trustees on May 3.

Dr. Mott Blair, prominent Methodist layman of Siler City and chairman of the college's Development committee, outlined the plans for this effort during the annual spring board meeting.

In a report to the board, President Weaver said that \$450,000 of the estimated cost is now available. The additional \$600,000 to be raised through the special trustee project, as an extension of the fund-raising efforts of the president's office, is being sought beyond the funds being provided through the organization of the Methodist Church.

Dr. Blair also outlined a Second Decade Development Program which the Board adopted. Plans were immediately set in motion for its implementation.

In other business, Dr. Weaver reported that during the current academic year 866 students have enrolled in the college and that an enrollment of between 925 and 950 students is anticipated for the 1966-67 school year. The college will have reached a plateau, as far as resident students are concerned, in September of this year since, for the first time, all four classes will be housed in permanent dormitories and all dormitories will be filled.

In reporting on academic affairs, Dr. Weaver said the college's Department of Spanish and the Department of Political Science will be expanded to major status with the beginning of the next academic year.

Officers of the Board of Trustees elected to serve for the next year are: Terry Sanford, Fayetteville, chairman; W. Robert Johnson, Goldsboro, vice chairman; John W. Hensdale, Fayetteville, secretary; Wilson F. Yarborough, Fayetteville, treasurer.
