LOCAL WOMAN HEADS COLLEGE ALUMNI CHAPTER

FAYETTEVILLE, N.C.—Miss Charlotte Carmine of Richmond will head a newly organized chapter of the Methodist College Alumni Association (MCAA), college alumni secretary William P. Lowdermilk has announced.

As president Miss Carmine, a 1968 graduate of Methodist, heads the first alumni chapter organized (Jan. 11, 1969) by the MCAA.

At Methodist Miss Carmine was a member of the debate squad, the literary magazine staff and the cheerleading squad. She was also attorney general for the student government association.

Lowdermilk also announced that Keith Cook, a 1965 graduate and resident of Richmond, will serve as secretary for the local chapter.

The next chapter meeting is scheduled for April 17.

Methodist College is a four-year coeducational liberal arts institution which opened in 1960. Presently the college enrolls about 1,000 students from 17 states. The MCAA was organized shortly after the college graduated its first class in 1964.

### FAYETTEVILLE'S METHODIST EXPANDS TOTAL PROGRAM

FAYETTEVILLE - Growth describes nearly every facet of the collegiate picture at Methodist College today.

This young college (opened in 1960) now offers its students complete campus facilities, a dedicated faculty, and a well-rounded curriculum.

As campus doors swung open to nearly 2,000 students (40 from Wake County) in September, spacious new facilities greeted them. Students found a new Fine Arts Building, complete with drama workshops and dressing rooms, art studios, vocal and instrumental practice areas and a 1,200 seat auditorium.

Also completed was a 15,000 square foot expansion of the Student Union which added a larger snack bar, student store, post office and individual dining rooms.

In addition, the administrative staff moved into the new Horner Administration Building.

And construction still continues at Methodist as the college comes nearer to its original proposal of 21 buildings. With 17 structures completed, work on the Hensdale Chapel is now underway. Future buildings include the permanent gymnasium, a maintenance and repair building and the field house.

MORE

Also beautifying the campus and enriching the extracurricular program will be the Michael Terrence O'Hanlon Memorial Amphitheatre, the first half of which will be completed by spring 1969. Built along the shores of a sylvan-set, mini-lake, the amphitheatre will be used for outdoor religious services and drama and music productions.

In addition to new buildings, the college also took strides in its academic program adding a sociology major, an art minor and new courses in other areas. During summer school 1969 the education curriculum will add an audio-visual aids course, an outgrowth of the fast-growing Audio-Visual Aids Center.

To enable the expansion of the academic program and maintain a 16-1 student-faculty ratio, Methodist also increased its faculty to 66.

In extracurricular activities the new Fine Arts Building enabled the college to broaden its concert-lecture series, its drama productions and art exhibits. Some of the 1968-69 offerings are the North Carolina Symphony Orchestra, Jose Greco and Company (Bance troupe), and Tennessee William's "Glass Menagerie."

In addition, spring 1969 will find Methodist entering a varsity baseball team in the Dixie Intercollegiate Athletic Conference, bringing the total of its DIAC sports to eight.

#### HISTORICAL STATEMENT

Methodist College at Fayetteville, N. C. is a four-year, coeducational, liberal arts institution which first opened in 1960. In a decade it has grown from 80 students, a faculty of 8 and 4 buildings to 1,000 students, a faculty of 66 and 17 buildings.

The scenic campus lies two miles north of the city limits on six hundred acres of rolling woodland between U. S. Highway 401 and the Cape Fear River. Contemporary in architectural design, the buildings feature sunscreens of six-sided concrete "honeycombs," a design fast becoming a Methodist College emblem.

Presently the curriculum offers 13 majors and 17 minors in seven academic areas. Methodist participates in eight D.I.A.C. sports: soccer, golf, cross country, wrestling, basketball, bowling, tennis, and baseball (entering in spring 1969).

LOCAL COED TO EDIT M.C. NEWSPAPER

FAYETTEVILLE - Sonja Kendrick of Fayetteville will be editor of the Methodist College student newspaper for the 1969 term, according to the Faculty Publications Committee. (FPC).

Editors of the newspaper, SMALL TALK, win office for two consecutive semesters through staff election and FPC approval.

Miss Kendrick, a junior history major and economics and English minor, previously was associate editor of SMALL TALK.

In addition to her editorial duties, Sonja presently is secretary-treasurer of the campus History-Political Science Club. She also has served on numerous committees for her class.

A 1966 graduate of Seventy-First High School, Sonja is the daughter of Mr. and Mrs. Chester D. Kendrick of 1802 Wendover Drive.

Publication of SMALL TALK is on a bi-weekly schedule during the academic year and gives interested students an opportunity to explore journalistic writing techniques not formally taught at the college.

In accepting the position, Miss Kendrick said that she hoped the newspaper would keep students more informed of campus news and activities. She also urged all students to voice their opinions on problems facing the campus community.

SMITH NAMED DIVISION LEADER IN METHODIST COLLEGE FUND DRIVE

FAYETTEVILLE - W. Ritchie Smith, Jr., a local attorney, will head the Lawyer's Division of the 1969 Methodist College Foundation Community Loyalty Campaign, chairman Robert O. McCoy announced today.

Smith, a partner in Barrington, Smith and Barrington, will aid McCoy in the \$120,000 fund drive which begins February 11. The attorney is the fourth division chairman appointed by McCoy, joining I. B. Julian (Advanced Gifts), H. L. Ruth, Jr. (Dentists), and Henry G. Hutaff (General).

A member of the Tuberculosis Society Board of Directors, Smith has also served as chairman of the Cancer Crusade and has participated in the March of Dimes.

He is a member of the Kiwanis Club; the local, state and national Bar Associations; and the American Trial Lawyers Association.

In making the announcement, McCoy emphasized the 1 p.m. Feb. 11 kickoff luncheon which will be held at the college saying that team captions will receive workers kits at that time.

He also stressed the contribution of \$50,000 to the Methodist College operating budget.

"Methodist College annually gives to our community citizens trained for such fields as business, education and religious and social work," McCoy said. "We welcome the opportunity to provide our college with financial support so that it may continue such services to our community."

The remaining \$70,000 from the campaign will be used for the amortization of a \$1 million loan which covered the balance in the initial college drive.

N. C. ARTISTS EXHIBIT PRINTS & DRAWINGS

FAYETTEVILLE - Contemporary drawings and prints go on exhibit at the Methodist College Fine Arts Building Monday, Feb. 10, artist Don Green has announced.

The exhibition, sponsored by the Associated Artists of North Carolina (AANC), includes 29 works by 29 artists.

All works were selected from the AANC 4th Print and Drawing Show held at the East Carolina University School of Art March 11-April 1, 1968.

Juror for the AANC show was Charles Minott, assistant professor of art at the University of Pennsylvania.

The exhibition shows original work executed in such printing techniques as intaglio, monoprint, and woodcut and such drawing media as chalk, ink, pencil and charcoal.

Print-making, or graphic art, has experienced a rebirth of interest recently, said Green, who is head of the M.C. art department.

Various printing media have been used by artists since mechanical ways to make impressions were introduced in the 15th century.

Woodcuts, such as "You Can't Argue With A Rope" by Mike Goins of Greenville, are the oldest of the graphic media.

In the woodcut technique the wood is cut away until the areas to be printed are left standing and inked (relief printing).

MORE

ADD ONE-Methodist College

Another technique, intaglio, uses the reverse of the relief process. In intaglio printing the ink is rubbed into a depressed area and the surrounding area is polished clean.

An example of intaglio printing in the exhibit is "Out of Egypt" by artist Donald Sexauer of Greenville.

In addition to these traditional techniques, the show includes the more contemporary monoprint. This medium utilizes plastic and produces but one print, hence "mono" print.

Greensboro artist Suzanne Evans' "Grazing Cattle" is a monoprint example included in the show.

Some representative drawings from the show include a charcoal, "Lenoir Sketchbook," by Bess McLaughlin of Kinston; an ink and pencil, "The Steel Mills as I Remember Them," by Mary Dainty of Garner; and an ink and chalk, "Family Group," by Sara Edmiston of Greenville.

All works in the show may be purchased and will be on display through the month of February.

**CAMPAIGN ORGANIZERS**—Leaders in the Methodist College Community Loyalty drive are, from left, the Rev. J. V. C. Summerell, speaker at Tuesday's kickoff luncheon; Dr. Karl

Berns, director of development at the college; I. B. Julian, who spoke on large gifts; R. O. McCoy Jr., campaign chairman; and John C. Pate, foundation president.

## MC Loyalty Drive Opens

Church related colleges can play a major role in the worldwide struggle "for the minds of men," the Rev. J. V. C. Summerell said at the campaign kickoff luncheon for the Methodist College Foundation Tuesday.

Approximately 50 persons attended the annual Community Loyalty drive meeting.

The Rev. Mr. Summerell, pastor of the First

Presbyterian Church, said, "Every generation must lay hold on truth."

He said the church related school has a responsibility to teach "the mystery and meaning of life — its purpose and direction."

Other speakers were I. B. Julian, who discussed the need for large individual and corporate gifts; and Lana Eckart, a junior from

Hickory, who described the college's meaning to its students.

R. O. McCoy Jr., campaign chairman, and John C. Pate, foundation president, presented details on the opening of the campaign.

The foundation is pledged to raise \$120,000 annually for the college, \$50,000 for maintenance funds and \$70,000 to retire a \$1 million community loan for construction.

FAYETTEVILLE'S METHODIST COLLEGE EXPANDS TOTAL PROGRAM

FAYETTEVILLE - Growth describes nearly every facet of the collegiate picture at Methodist College today.

This young college (opened in 1960) now offers its students complete campus facilities, a dedicated faculty, and a well-rounded curriculum.

As campus doors swung open to nearly 1,000 students (10 from Guilford County) in September, spacious new facilities greeted them. Students found a new Fine Arts Building, complete with drama workshops and dressing rooms, art studios, vocal and instrumental practice areas and a 1,300 seat auditorium.

Also completed was a 15,000 square foot expansion of the Student Union which added a larger snack bar, student store, post office and individual dining rooms.

In addition, the administrative staff moved into the new Horner Administration Building.

And construction still continues at Methodist as the college comes nearer to its original proposal of 21 buildings. With 17 structures completed, work on the Hensdale Chapel is now underway and scheduled for late summer completion. Future buildings include the permanent gymnasium, a maintenance and repair building and the field house.

MORE

Also beautifying the campus and enriching the extracurricular program will be the Michael Terrence O'Hanlon Memorial Amphitheatre, the first half of which will be completed by spring 1969. Built along the shores of a sylvan-set, mini-lake, the amphitheatre will be used for outdoor religious services and dramatic and musical productions.

In addition to new buildings, the college also took strides in its academic program adding a sociology major, an art minor and new courses in other areas. During summer school 1969 the education curriculum will add an audio-visual aids course, an outgrowth of the fast-growing Audio-Visual Aids Center.

To enable the expansion of the academic program and maintain a 16-1 student-faculty ratio, Methodist also increased its faculty to 66.

In extracurricular activities the new Fine Arts Building enabled the college to broaden its concert-lecture series, its drama productions and art exhibits. Some of the 1968-69 offerings include the North Carolina Symphony Orchestra, concert pianist Lorin Hollander, dance troupe Jose Greco and Company, and Tennessee William's play, "Glass Menagerie."

In addition, spring 1969 finds Methodist entering a varsity baseball team in the Dixie Intercollegiate Athletic Conference, which brings the total of its DIAC sports to eight.

COMMUNITY CHORUS MEMBERSHIPS OPEN

FAYETTEVILLE - Openings still exist in all sections of the Community Chorus of Fayetteville, according to director Alan M. Porter.

Porter said that anyone wishing to sing with the group should come to rehearsals each Tuesday at 8 p.m. in the choral room of the Fine Arts Building on the Methodist College campus.

No previous training is necessary, and no audition is required, Porter said.

The Community Chorus is now in rehearsal for the annual spring appearance with the Methodist College Chorus and the Fayetteville Symphony Orchestra.

Program selections being rehearsed are "Sleepers Awake" by J. S. Bach and "Te Deum" by Zoltan Kodaly.

Now in its third season, the Community Chorus is co-sponsored by the Fayetteville Department of Recreation and Parks and Methodist College. Porter is assistant professor of music and choral director at the college. Further information may be obtained by calling the director at 488-7110 (8 a.m.-5 p.m.) and 488-6694 (after 5 p.m.).

CAPTION INFORMATION:

INVOLVEMENT OR INDIFFERENCE--Methodist College students stage a drama, "Involvement or Indifference," during a "coffee house" meet at the Student Union as a part of Religious Emphasis Week now being observed on campus.

- Pix 1-----a position of the audience
- Pix 2-----students in the drama pretend to smoke "pot." The dialogue indicates that God rather than drugs is the answer to the search for fulfillment.
- Pix 3-----Students in the drama pretend to cheat during an exam as the dialogue offers them a chance for fulfillment through academic interest and involvement rather than indifference.

LOCAL PASTOR TO MEET WITH M.C. STUDENTS

FAYETTEVILLE - Methodist College students will discuss tonight (Thursday, Feb. 20) the meaning of human existence with the Reverend Wilbur Jackson, associate minister of Hay Street Methodist Church.

Setting for the discussion will be a dinner meeting in Dining Room 2 of the Student Union. The meeting is part of activities planned for Religious Emphasis (R-E) Week which the college is now observing.

Speaking to the students earlier in the week, Mr. Jackson said that to conceive of God only in intellectual terms is unsatisfactory. Not only must he exist in the mind, but also he must burn in the heart, the pastor said.

He emphasized, however, that he did not advocate love of God without intellectual support.

Mr. Jackson asked students not to give up on the church but rather to change, scold and freshen it.

"Granted the church has made mistakes," Mr. Jackson said. "But the church is made up of human imperfections."

R-E Week concludes Friday, Feb. 21 when the pastor will again address the student body during the 11:30 a.m. assembly at Reeves Auditorium.

LOCAL COEDS NAMED TO COLLEGE DEAN'S LIST

FAYETTEVILLE - Susanne Donnelly and Lana Eckard of the Hickory Daily Record area have been named to the 1968-69 fall semester Methodist College Dean's List, according to Dr. Samuel J. Womack, Jr., academic dean.

In order to achieve this honor, a student must earn, at least a "B" average on 15 or more semester hours, Dr. Womack said. Some 166 students of Methodist's near 1000 student body made the list.

Miss Donnelly, a 1966 graduate of Claremont Central High School, is a junior at Methodist majoring in elementary education. She is the daughter of Mr. and Mrs. Bert C. Donnelly of Hickory.

Miss Eckard, a 1966 graduate of Wildebran High School, is also a junior at Methodist majoring in elementary education. She is the daughter of Mr. and Mrs. Landen P. Eckard of Connelly Springs.

Methodist College opened in September, 1968 for its ninth academic year. The near 1000 student body comes from 17 other states and 69 North Carolina counties.

N.C. To Send Delegation

STUDENT LEGISLATORS COMING WEDNESDAY

Collegiate legislators convene Wednesday through Saturday (Feb. 26-March 1) in Raleigh for the annual session of the North Carolina State Student Legislature (SSL).

Leading its fifth annual trip to the SSL will be the Methodist College delegation, this year composed of 10 students (5 regular delegates and 5 alternates and observers).

Senator Everett Dirksen, R-Ill., is among the nationally prominent political figures scheduled to speak during the SSL session.

Leading up NC's delegation this year is Ronnie Russell, a senior political science and Spanish major from Alexandria, Va.

Russell recently completed a semester as a teacher intern in Spanish at Terry Sanford Senior High. He is a member of the Board of Presidents for the Spanish Club and Young Republicans and acting chairman of the student government presidential advisory committee.

Other delegates to the SSL are Bob Swink (Senate), a senior from Greensboro; Ronnie Pott (House), a sophomore from Falls Church, Va.; Barbara Scrutz (House), a junior from Atlanta, Ga.; and Richard Swink (House), a senior from Greensboro.

Alternates and observers include: (Senate) Natalie Sawyer, a sophomore from Berlin, Pa., and Dale Leathers, a freshman from Chicago, Ill.; (House) Barbara Clayton, a junior from Jacksonville; Warren Southland, a junior from Durham; and Tommy Smith, a freshman from Sandston, Va.

Helping to make possible the U.S. delegation trip to Raleigh is  
W. O. Chevrolet of Fayetteville.

The North Carolina SSL was the second such state body to be formed  
in the nation (the first being Kansas), and it is the oldest continuing  
assembly of its kind in the U.S. At the time of its formation (November  
12, 1937), the group was known as the Student Legislative Assembly.

Over 20 colleges and universities across North Carolina affiliate with  
SSL. Each selects and sends delegations to the annual sessions.

The SSL convention consists of two joint sessions, the first presenting  
general information to delegates and the second bringing the vote on  
conference committee decisions and the election of officers.

Between the two joint sessions are legislative sessions in the  
respective houses, in which each college has the opportunity to present  
at least one bill or resolution.

Methodist's proposed bill for the 1962 session is an act to require  
motivation analysis testing ~~the~~ the secondary schools of North Carolina.

Recommended test for the analysis is the Mooney Problem Check List  
which originates from the Bureau of Educational Research at Ohio State  
University.

Such a test, states the bill, would provide guidance personnel and  
teachers with a means of recognizing conditions which could lead to serious  
psychological problems for a student.

According to the SSL statement of purpose, the group exists "because  
in the very being of the student is the need and the desire to question and  
discuss, to reason and deduct, to conclude or to find no answer."

The statement further explains that in the student's search for truth,  
he has, through SSL, the opportunity to meet with many students, to discuss,  
to form opinions based on fact, to present his opinion, and to accept the  
rule of the majority.

Controversial issues have arisen in past SSL sessions. In the 1938 session the group declared that a particular committee investigating un-American activities was "detrimental to our democratic government." In 1945 a plan was introduced and passed to invite Negro colleges to participate (the decision stood despite dissent). Again in 1957 and 1965 the group drew criticism for legislation proposed.
