SCHOLARSHIP COMPETITION

ENDS SAT. AT METHODIST

FAYETTEVILLE--Some 33 high school seniors were tested and interviewed in the annual Methodist College Merit Scholarship Competition last Saturday (Feb. 1). The last chance to earn a Merit Scholarship is this coming Saturday and about the same number are expected.

Each year Methodist College, during two Saturdays in February, gives a battery of tests and interviews to high school seniors planning to enter the college in the summer or fall. At stake are 45 Merit Scholarships ranging in value from \$1,200 to \$200. Merit Scholarships are funded entirely by businesses, groups and individuals concerned with the cause of private higher education.

"The amounts disbursed depend on a competitive rank of participants that includes four criteria: (1) high school grades, (2) SAT (Scholastic Aptitude Tests) scores, (3) interview scores, and (4) competitive examination scores," said Thomas S. Yow, director of financial aid at Methodist.

Since financial need is not one of the above criteria, a Merit Scholarship can also be supplemented by a loan, grant, college work-study and campus-work part time jobs, Yow added.

Once a student is notified of his scholarship, he must then be admitted to the college before receiving the award. Thereafter, if he makes satisfactory progress on a degree and maintains a minimum "C" average, the scholarship is renewable each year.

The five-part examination used is the CLEP (College Level Examination Program) General Examination. Since Methodist is an official CLEP Testing Center and fully recognizes this national examination program, it is also possible at the same time to earn sufficient academic credit to bypass all or part of the freshman year.

(more)

"An additional feature of our scholarship competition is that the top three scorers in the two competitions are designated as Presidential Scholars," said Yow. "Presidential Scholars pay no tuition whatsoever, and these scholarships are also renewable each year as long as the scholars maintain a 'B' average and progress satisfactorily."

Yow concluded, "The depth of our financial aid commitment is reflected by the fact that last year we administered over \$503,000 in financial aid."

The tests this Saturday will take place in the Classroom Building on campus from 9 a.m. - 5 p.m. Interviews will take place from 6 p.m. - 8 p.m. Any high school senior wishing to take part should contact the Methodist College Financial Aid Office before Friday.

RUN-A-THON SET FOR

UNITED STUDENT APPEAL

FAYETTEVILLE--Hoping to more than triple last year's collection of \$422.17, this year's goal of Methodist College's United Student Appeal (USA) is \$1,550.

"USA is a fund raising campaign which originated last year on the campus of Methodist College," said Fred Paddock, Student Government Association president. "Now it is also promoted by the North Carolina Student Legislature to raise funds for charity on an annual and statewide basis."

This year's goal is broken into three phases--\$1,000 by a run-a-thon from Methodist College to Raleigh, \$300 from Coke sales in the Student Union (over \$100 has already been raised), and \$250 from donations.

"Money collected this year will go toward support of the 13 National Health Agencies," said Paddock.

The highlight of the campaign will be the March 14 run to Raleigh where a meeting with Governor James A. Holshouser will take place.

"Right now our big project is to get financial support for the relay team members who will begin their run at 7:20 a.m. March 14," said Paddock. Anyone wishing to sponsor should contact the SGA at 488-3850 or write them at P. O. Box M33 at Methodist College.

"No one will pay a cent unless the run is completed," according to Paddock.

After the run, the campaign will wind up and a check issued to the National Health Agencies on March 31.

At the conclusion of last year's campaign, Gov. Holshouser came to Fayetteville to accept the check on behalf of the American Cancer Society. State Senators Henley, Raynor, and Allen introduced Senate Resolution 1491, which passed the 1973 session of the General Assembly, praising Methodist College for originating and the United Student Appeal project.
