WAL-MART FOUNDATION AWARDS FELLOWSHIP TO METHODIST COLLEGE PROFESSOR

FAYETTEVILLE, NC--The Wal-Mart Foundation, based in Springfield, MO, has awarded a Free Enterprise Fellowship to Dr. Donald Kline, professor of business and economics at Methodist College.

The \$1,000 stipend will support the establishment of a Students In Free Enterprise Chapter at Methodist during the 1990-91 academic year. Dr. Kline filed the application for the college to become affiliated with the SIFE program. A specialist in business management, Dr. Kline holds a B.S. degree from Wayne State University, an M.B.A. from New York University, and a Ph.D. from Syracuse University.

The stated purpose of the Wal-Mart Foundation's Students In Free Enterprise program is "to bring America's collegians and her citizens to a better understanding of and a greater appreciation for the free enterprise system." In the words of the Foundation, "This is accomplished through SIFE teams' outreach projects within their communities and the presentation of these projects at the regional and national competitions."

Methodist is one of 50 American colleges approved for membership in the SIFE program in 1990-91. A total of 252 colleges now have SIFE chapters.

Dr. Kline will recruit chapter members among students enrolled in the Reeves School of Business. He will also serve as chapter adviser and conduct training sessions in preparation for a major outreach project in the Cumberland County business community. The project developed at Methodist's SIFE chapter will be entered in a regional competition in April 1991.

-MORE-

--2-2-2--

The business professor said the Students In Free Enterprise chapter is the logical successor to the Economics and Business Club which currently exists on campus. He said students who join and participate in the development of next year's SIFE outreach program will receive 3 semester hours of academic credit for Business 345 - "Field Experience in Economics and Business."
