GENERAL INFORMATION

HISTORY

On September 19, 1955, the Mayor of Fayetteville appointed a Steering Committee to seek the establishment of an institution of higher learning in or near Fayetteville. Enthusiasm was high and developments were rapid. On March 7, 1956, the Steering Committee made contact with Bishop Paul N. Garber of the Methodist Church and extended an invitation to establish a college in Fayetteville. On March 27, the announcement was made that the Bishop's Committee had selected Fayetteville as the location of a new Methodist college.

On May 14, 1956, a special session of the North Carolina Conference of the Methodist Church met in Goldsboro and approved the recommendation of the committee. Thus, Methodist College was established as a co-educational, senior college of liberal arts operated under the auspices of the North Carolina Conference of the Methodist Church.

The Methodist Church pledged \$2,000,000 for capital development and an annual sustaining fund which, under plans presently projected, will reach a total of \$180,000 per year.

The citizens of Fayetteville and Cumberland County agreed to provide a 600-acre site for the college, to contribute \$2,000,000 for capital development, and provide \$50,000 per year for continuing support. In addition, the City of Fayetteville assumed the expense of extending all municipal utilities to the college site and pledged police and fire protection.

The Board of Trustees, which was constituted by the Church, held its organizational meeting on July 3, 1956. Since its inception, the Board of Trustees has been headed by the Honorable Terry Sanford, prominent Fayetteville attorney and churchman, and former Governor of North Carolina. Mr. W. E. Horner of Sanford served as the first secretary.

On November 1, 1956, Methodist College was chartered by the state of North Carolina as a co-educational, senior college of liberal arts. The charter which was issued to the twenty-four-member Board of Trustees launched a new institution, conceived in the best American tradition by a people whose Christian heritage placed high value upon the bulwark of freedom assured through Christian higher education.

On June 22, 1957, the Board elected Lucius Stacy Weaver, Superintendent of Durham City Schools and church lay leader, as the first president of Methodist College, effective September 1, 1957. In accepting the appointment Dr. Weaver pledged the college to two fundamentals from the outset: "Academic excellence and the Christian concept of life." During the next two years building plans were approved and necessary administrative staff and faculty were secured to complete

preparations for the college to admit its first freshman class on September 16, 1960.

STATEMENT OF PURPOSE

The purpose of Methodist College, as set forth in its charter, is "to advance the cause of Christian higher education and to extend the influence of science, art, and Christian culture." In the fulfillment of such purpose it is dedicated to two fundamentals: academic excellence and the Christian concept of life. This means that it seeks to aid the student in the attainment of educational, cultural, moral and social goals which embody basic Christian principles and ideals. Its ministry is conceived as one of serving the whole person; of developing soundness of body as well as of mind, and fostering spiritual and cultural, as well as intellectual, development.

Such a philosophy undergirds not only the college's formal academic program but also the informal aspects of campus life, especially the close relationships which develop between faculty and students and the friendly atmosphere of the campus as a whole. In such a setting Methodist College seeks to make higher education a stimulating and challenging experience in Christian living, learning and life-service.

ACADEMIC RECOGNITIONS

Methodist College has received all of the recognitions which are available to an institution in our present stage of development. Based on the high quality of its academic program, the college has been able to secure official certifications from a number of regionally accredited institutions, each having graduate schools, that students on transfer from Methodist College will be accepted unconditionally. The college is listed in the official publication of educational institutions compiled by the U. S. Department of Health, Education and Welfare. Such listing qualifies the college for receiving students under the G. I. Bill, for participation in National Defense Education Act student loan funds, and for dormitory loans through the Community Facilities Administration of the Housing and Home Finance Agency.

Under the rules and regulations of the Southern Association of Colleges and Schools, the college was accepted two years ago as a Candidate for Membership. This is a status granted by the Association to new institutions which have not been in operation long enough to receive full accreditation. In April of 1966 the college was formally inspected by a committee from the Association which will render a report to the Association concerning full accreditation of the college.

The college is currently approved by the North Carolina Department of Public Instruction and the State Board of Education for the in-service preparation of public school teachers.

The college has been approved by the University Senate of the

Methodist General Board of Education for the undergraduate training of ministers and Christian education workers.

The college is a member of the North Carolina College Conference and is fully accredited by it.

The college has a joint agreement with the engineering school of North Carolina State University for the training of engineers.

THE PHYSICAL PLANT

LOCATION

CAMPUS

BUILDINGS

THE PHYSICAL PLANT

LOCATION

Methodist College is located at Fayetteville, a historical and cultural center of eastern North Carolina since pre-Revolutionary times. Many interesting landmarks of the American Revolution and War Between the States are found in and near Fayetteville. The city itself offers a large shopping district with a variety of attractive stores, medical specialists in every field, musical concerts, art exhibits, and many other cultural activities. Recreational opportunities include year-round golf.

CAMPUS

The scenic campus, which lies two miles north of the city limits, is beautifully situated on six hundred acres of rolling woodland between U. S. Highway 401 and the Cape Fear River. This attractive plot of land was selected after a careful survey and study of several alter-

nate locations on the perimeter of Fayetteville. It is considered an ideal location from the point of its natural beauty, its construction possibilities, and its potential for future developments.

The campus has been carefully planned as a unit so that its beautiful design and convenient plan should serve the educational needs of many generations in the future. The striking architectural scheme, by Stevens & Wilkinson of Atlanta, is carefully adapted to the climate and geography of this region. Its basic concept is the creation of a group of interlocking malls, each of which is defined by buildings related architecturally and by changes in elevation to suit the topography.

BUILDINGS

Individual buildings have been conceived in a style embodying contemporary building techniques and materials as well as classic principles of form. For its creativity and unity the design has received a citation from a national architectural magazine. Buildings have been planned to accommodate comfortably and efficiently an eventual enrollment of 1,200 students. All of the buildings are of modern, fireproof, reinforced concrete and steel construction. The basic educational units have been completed and are arranged around three interlocking malls.

The Classroom Building, at a cost of one-half million dollars, offers twenty-three large lecture rooms, forty-six faculty offices, and other rooms for special educational services. The administrative offices are temporarily located in this building. One of the unique features of this building is the courtyard open to the sky and located in the center of the building so that it provides an attractive setting for receptions, teas, recitals, dramatic presentations, and many other such activities.

CLASSROOM BUILDING

THE LIBRARY

The New Library is one of the most significant recent additions to the physical plant. As the intellectual focal point of the campus this new facility strengthens considerably the total academic program of the college.

The new air-conditioned building, which was completed in the fall of 1964, will house a minimum of 50,000 volumes and will seat up to 300 people for reading and study. The facilities include a spacious reading area, materials laboratory, music listening room, reference section, conference rooms, processing and storage rooms, staff offices and approximately 40 individual study carrels.

One room near the entrance contains a special collection of books and materials relating to North Carolina. Many items in these collections have been donated by individuals interested in helping develop such collections.

The Library subscribes to approximately 300 periodicals representing all fields in which courses are offered. Excellent collections of back issues of many periodicals to which the library subscribes are available. Standard periodical indexes are available.

A record collection, composed largely of classical records, is available for the use of students and faculty in the music listening room. A music score collection is also available as a supplement to the record collection.

An additional resource is the pamphlet collection designed to complement the book and periodical collection.

BETWEEN CLASSES

The Science Building, which has been designed to include the most modern scientific teaching facilities, provides space for thirteen laboratories, four lecture rooms, a two hundred-seat lecture hall, faculty offices, equipment and supply rooms and a darkroom.

SCIENCE BUILDING

STUDENT UNION — FRONT ENTRANCE

The Student Union Building, which is located at the east of the central mall of the campus, is designed with balconies overlooking the bell-tower terrace to the west and the rolling woodland and Cape Fear Valley to the east. This building, which serves as the hub of student activities, offers a colorful and spacious lounge, snack bar, book store, mailboxes, lockers for day students, first aid rooms, and recreation room, all on the upper level. On the ground floor, surrounded by glass on three sides, is the cafeteria-dining hall which will accommodate 600 people banquet style or 1,000 to 1,200 cafeteria style. Folding partitions provide facilities for two private dining rooms in addition to a smaller permanent private dining room.

STUDENT UNION — EAST ENTRANCE TO DINING HALL

PORTION OF MAIN DINING HALL

The Dining Hall-Cafeteria, surrounded by glass on three sides, provides an attractive setting for regular meals and banquets. The dining hall will accommodate 600 people banquet style or 1200 cafeteria style. Folding partitions provide private dining room space for meetings and special groups.

MARRIED STUDENTS AND FACULTY APARTMENTS

Four Residence Halls are informally grouped in the partially wooded area northeast of the Student Union and overlooking the beautiful Cape Fear Valley—one of the most striking scenic views in eastern North Carolina. These four air-conditioned residence halls house 300 women and 320 men. They are modernly equipped with built-in furniture and each of the rooms has an abundance of storage space.

LOUNGE — GARBER HALL

The Modern Central Heating Plant, located on the southern edge of the campus, is equipped with the latest in heating equipment which provides heat and hot water for the entire campus. It also serves as the center for the electrical distribution system.

A Physical Education Building, located at the south end of the physical education field, provides a full basketball court with cross courts, showers and dressing rooms. This building provides facilities for teaching required courses in health and physical education, as well as for conducting athletic activities for the entire student body.

The Bell Tower, located in the central mall of the campus, provides amplification for the carillon. The illuminated cross in the top of the 95-foot structure symbolizes the centrality of Christ in the total program of the college.

Future Building Program

Excavations have been made but left landscaped for subsequent buildings in the academic group. Construction is expected to be completed on the Fine Arts Building-Auditorium and the Administration Building during the winter of 1967-68.

STUDENT LIFE AND SERVICES

It is the aim of Methodist College to be a Christian community, where persons learn to respect others; where everyone is offered the opportunity for cooperation and leadership as a meaningful experience, not only during college days, but also as a continuing quality of personality and a lasting contribution to society. The college endeavors to be guided by Christian conviction, motivation and concern.

TIME OUT IN DORMITORY

RELIGIOUS ACTIVITIES PROGRAM

An extensive and well-balanced program of religious activities ministers to the moral and spiritual development of the student body. The chaplain of the college serves as director of religious life and coordinator of extra-curricular religious activities. In the latter capacity he is assisted by the Interfaith Council, made up of representatives of the various student denominational groups on campus. At present there are six such groups which are active. Each has a faculty sponsor. Other groups may be formed as the need arises.

During the academic week the student body and faculty convene for a thirty-minute chapel, at which attendance is required. Guest speakers at chapel programs include ministers from the Fayetteville and eastern Carolina area representing the various religious denominations with which the students are affiliated. Outstanding denominational lay leaders or officials are also invited to appear. The president of the college, the chaplain and other members of the faculty are regularly scheduled as chapel speakers.

On Sundays students are encouraged to attend morning worship services at community churches of their own denomination, or services on campus of an interdenominational type. An opportunity for worship, discussion and fellowship is also provided on Sunday evening.

On special occasions designated by the president of the college, convocations are held for both the college community and for friends of the college who desire to attend.

The annual observance of Religious Emphasis Week is a major highlight of the college year. Outstanding religious leaders are invited as speakers and counselors for several days of highly concentrated activity planned jointly by the chaplain and the Interfaith Council.

CAMPUS ELECTIONS

CULTURAL ACTIVITIES

Methodist College seeks to provide an atmosphere in which the total personality may be developed; therefore, opportunities for participation in cultural activities are made available.

The Public Occasions Committee, appointed by the president and including two student representatives, plans a series of concerts and lectures for the campus each year. The Fayetteville Symphony Orchestra under the direction of Dr. Willis Gates, professor of music, presents its winter and spring concerts in the College Union. The series also includes: college chorus concerts under the direction of Mr. Alan Porter, faculty recitals, and artists and lecturers of national and international note. Each year there are student art exhibits and dramatic presentations ranging from Readers' Theater to three-act drama. In the spring, the college cooperates in the two weeks Fine Arts Festival of Fayetteville.

ORGANIZATIONS

The Board of Trustees delegates to the president and the faculty the management of both curricular and extra-curricular affairs. General policies concerning extra-curricular affairs are determined by the president and the Student Life Committee, appointed by the president.

Student affairs on campus are governed largely by the Student Government Association which is sponsored by the Student Life Committee.

LITERARY MAGAZINE

The constitution of the Student Government provides for the election of four general officers and three Senators from each class.

The constitution also provides for a Judiciary Committee composed of the four class presidents and four members appointed by the S. G. A. president. A faculty advisor is appointed to the Senate and Judiciary by the president of the college. The organization functions as an executive body to guide and promote student life on campus.

The college provides for publications and organizations that are needed to serve the wholesome interests of the student body. All organizations functioning on campus must have the approval of the proper administrative authority and are open to all students on the basis of merit. These activities are listed in the Student Handbook which is published annually.

The inherent educational values and potential for leadership training of student organizations and activities is recognized. Students not on social or academic probation are eligible and encouraged to participate.

ADMISSION

INTERCOLLEGIATE ATHLETICS

Methodist College began its program of intercollegiate athletics in September, 1963. Competitive sports include basketball, bowling, tennis, cross country, golf, track, wrestling, and soccer.

Methodist College is a member of the newly-constituted Dixie Intercollegiate Athletic Conference which advocates no athletic scholarships. This means that every student will have an equal opportunity to compete for a place on one or more of the teams.

The other members of the conference include St. Andrews College of Laurinburg, N. C.; North Carolina Wesleyan College of Rocky Mount, N. C.; College of Charleston of Charleston, S. C.; Charlotte College of Charlotte, N. C.; and Lynchburg College of Lynchburg, Va.

RECREATION AND INTRAMURAL SPORTS

Methodist College attempts to provide facilities and instruction to encourage individual and group recreational activities. A program of intramural sports is organized in several areas.

PHYSICAL EDUCATION

Instruction is designed to develop the strength and agility of the body and to provide opportunities for individual interest in life-long recreational activities. Physical Education includes instruction in badminton, softball, touch football, volleyball, tennis, basketball, archery, and golf.

REQUIREMENTS FOR ADMISSION

HOW TO APPLY FOR ADMISSION

PROVISIONS FOR READMISSION OF STUDENTS
UNDER SUSPENSION

ADMISSION OF STUDENTS

Methodist College was chartered to provide high quality Christian higher education for those who are able to meet its standards. The college follows a policy of selected admissions, and enrollment will be limited to those who are best qualified to benefit from the distinctive educational program it offers. Students who are qualified are admitted regardless of their religious affiliations.

In the liberal arts atmosphere of Methodist College, men and women are most likely to be successful if they readily comprehend what they read, express themselves fluently and precisely in oral and written English, reason with intelligence, and understand numbers in terms of relationships. They must also demonstrate seriousness of purpose, emotional stability, social responsibility, physical fitness, and breadth of interest. When the student enrolls he agrees to adhere to all the college regulations. Methodist College expects each student to conduct himself everywhere in such a manner as to reflect credit upon himself, his family and the college.

REQUIREMENTS FOR ADMISSION

Methodist College will consider for admission graduates of an accredited high school or preparatory school who have completed a minimum of sixteen units of work, including the following or equivalents:

English	4
Mathematics	2
Foreign Language	2*
History	1
Science	1
Electives	6

Foreign language credits in either Latin or a modern language are acceptable, provided the two units are in the same language. A basic requirement for graduation from the college is a minimum equivalent of 2 years (12 semester hours) of foreign language in college. According to his score on his language placement test, a student may be placed in an advanced course of the language and required to complete only six semester hours; this basic requirement must be met by continuing work in the same language. A student who has completed two units of a foreign language in high school may earn a total of only three hours of credit in the beginning college course (101-102) of the same language.

*In some special cases, the high school language requirement may be waived if students are otherwise qualified.

The best single index of college success is a better-than-average record in high school. The recommendation of the principal is therefore required.

Applicants are also expected to attain satisfactory scores on the Scholastic Aptitude Test of the College Entrance Examination Board or the American College Test. Arrangements to take these tests should be made as early as possible before graduation from high school.

Persons may be admitted as special students under certain circumstances to pursue courses without credit. A special student is one who is not regularly admitted to the college, but considered by the college as able to complete the requirements of the course or courses to which he is admitted.

HOW TO APPLY FOR ADMISSION

1. Write to the Admissions Office for application forms.
2. Complete every blank, answer each question, and give all the information required.
3. Return the completed forms with the \$10.00 application fee. This covers the cost of processing the application and is therefore not refundable.
4. Request your high school principal to send the official transcript of your high school record to Methodist College.
5. When you are notified that you have been accepted, reserve your place in the class by making an advance payment of \$25.00 within 30 days after notification. Students requesting dormitory accommodations will make an additional \$25.00 payment which will reserve a place in the dormitory. These payments will be credited to the first semester's charges. They cannot be refunded after July 1.
6. A transfer applicant is required to submit a transcript of the high school record, Scholastic Aptitude Test scores, and a transcript of all college work attempted. He should have a "C" average, or better, and should be eligible to return to the college last attended. In order to qualify for a Methodist College degree the transfer student must spend his senior year in residence at Methodist College, taking at least 30 semester hours of academic work, of which at least 24 semester hours must be in senior level courses.
7. A student who plans to room elsewhere than in his own home or a college dormitory must first secure the approval of the proposed arrangement by the Dean of Students.

PROVISIONS FOR READMISSION OF STUDENTS UNDER SUSPENSION

A student who is suspended or dismissed from the college for disciplinary reasons must have his application for subsequent readmission approved by the faculty Student Life Committee before it can be considered by the Committee on Admissions.

GENERAL ACADEMIC REGULATIONS

REGISTRATION

The time for registration is designated in the Academic Calendar, as found on page 3. Students will not be permitted to attend any class until they have completed their registration. Registration is not complete until satisfactory arrangements have been made with the Controller's office.

Students will not be permitted to register after the date designated in the Academic Calendar as "last day permitted to enter classes." A penalty of \$5.00 is imposed when fees are paid on or after the date designated for "classes begin" in the Academic Calendar.

COURSE LOAD

The student's normal course load is 15 or 16 semester hours, not including activity courses. Special permission must be secured from the Dean before a student is allowed to register for courses in excess of this load. Students, who in exceptional circumstances, have course offerings approved above a normal load may be charged additional tuition.

CHANGE IN COURSES

Students will not be permitted, except in extraordinary cases, to make changes in courses later than the date specified for that purpose in the Academic Calendar. Thereafter, the dropping of a course entails a grade of WF, except in extenuating circumstances with permission of the Dean of the College and the Instructor. All changes in courses must have the approval of the student's adviser.

CLASSIFICATION OF STUDENTS

1. Full-time Students: Any student who is enrolled for 12 or more semester hours during a regular semester is classified a full-time student.

Freshmen: Students who have less than 26 semester hours credit.

Sophomores: Students who have at least 26 semester hours credit.

Juniors: Students who have at least 60 semester hours credit.

Seniors: Students who have at least 86 semester hours credit.

(Note): A student who is retarded in his academic classification

may be approved for social affiliation by the group with which he entered, but he is not permitted to hold office or vote in a class for which he has not attained academic qualification. Each class may use whatever method it wishes for granting social affiliation.

2. Part-time Students: Any student enrolled for less than 12 hours during a regular semester is classified as a part-time student.
3. Special Students: Persons may be admitted as special students under certain circumstances. A special student is one who is not regularly enrolled but considered by the college as able to complete the requirements of the course or courses to which he is admitted.

ACADEMIC REQUIREMENTS FOR CONTINUANCE IN COLLEGE

Full-time students are expected to make normal progress toward graduation, which requires a cumulative average of 2.0 or better. To be in good standing a student must attain and maintain the academic record indicated below:

<i>Semester Hours Attempted</i>	<i>Cumulative G.P.A.</i>
29 or less	1.25
30-45	1.50
46-60	1.75
61 or more	2.00

When a course is repeated, the semester hours attempted will be included only once, and the final grade earned is used in computing grade point averages.

A student who does not meet the above requirements would be placed on academic probation. Failure to remove this probation during the next regular semester that the student is enrolled would result in automatic suspension. A student suspended for academic ineligibility could apply for readmission after one semester. The Admissions Committee would determine whether or not a student will be readmitted after a period of suspension.

It should be pointed out that the student placed on academic probation might be well advised to repeat immediately, if possible, a course or courses on which he has received a failing or low grade, rather than registering for a full schedule of completely new courses during his probationary semester. Students dismissed because of academic deficiency might utilize summer school opportunities for repeating courses failed or for otherwise improving their grade-point average. If dismissal comes at the end of the spring semester the student who uti-

lizes summer opportunities may apply for readmission in the following fall semester. He should realize, of course, that readmission is not thereby automatic, but if he has raised his grade-point average to the required level by virtue of summer studies, his chances for readmission will be significantly weighted in his favor.

CLASS ATTENDANCE

Students are expected to attend classes regularly; however, urgent personal or health problems, or scheduled school functions conflicting with class attendance may occasionally dictate absence.

Legitimate school functions which might interfere with class attendance are: events involving varsity athletic teams, debate tournaments and chorus trips. Unacceptable functions would include studying for other courses, working on projects for student organizations and making preparations for school-approved activities. The above are examples and are not intended to be an exhaustive list of legitimate or unacceptable reasons for class absence.

For such contingencies, students in each 100-level course are permitted one absence per semester; those in each 200-level course are permitted one absence per semester for each class meeting of a normal week (example: if a class meets thrice weekly, a total of three absences is allowable for the semester). Students in 300 or 400-level courses will adhere to the stated policy of the instructor for each such course. Students on the Dean's List are not bound by the above restrictions; however, they are responsible for all assigned work. Students on academic probation are permitted no unjustified absences. No unjustified absences from laboratory meetings are permitted. Work missed during a justified absence will be made up as directed by the instructor, while that work missed due to an unjustified absence may be made up at the instructor's discretion. In each course, an unjustified absence from the last class or laboratory meeting prior to and the first such meeting following an official college holiday shall count double.

Each absence in excess of the limit specified above is classed as unjustified, unless within 48 hours after his return to class schedules the student has the reason for such absence approved by the Dean of Men or Women (in case of personal matters), or by the College Nurse (for all health matters). Upon a student's return to class after his first excessive unjustified absence, he will be referred by his instructor to the Dean of Students. After conferring with the student, the Dean of Students will either place him on *attendance probation* and return him to class or will forward his case to the Faculty Attendance Review Board. Should a student on attendance probation then incur an additional unjustified absence, the instructor will dismiss him from class with a grade of WF. This grade may be appealed by the student to the Attendance Review Board through the Dean of Students. The Attendance Review Board will take cognizance of the student's attend-

ance record. The board may either continue him on attendance probation or dismiss him from class with a grade of WF. At no time during the review of a case should a student incur additional absences.

VOLUNTARY WITHDRAWAL FROM THE COLLEGE

In case a student voluntarily withdraws from the college before the end of a semester, the grade in each course will be WP (withdrew passing) or WF (withdrew failing) according to his standing at the time he withdrew.

PROGRESS REPORTS

Mid-semester and semester reports of the academic progress of each student will be provided students and copies mailed to parents or guardians.

GRADING SYSTEM

The quality of work of students in each course will be evaluated according to the following system:

Symbol	Quality Points	
	Per Hour	Meaning
A	4	Excellent
B	3	Good
C	2	Satisfactory
D	1	Passing
F	0	Failure
I		Incomplete
WP		Withdrew passing
WF		Withdrew failing

THE DEAN'S LIST

The Dean's List consists of the names of students who have achieved a 3.0 point grade average or better during the preceding semester on a total load of fifteen or more hours.

GRADUATION WITH HONORS

Students who have earned the prescribed point grade average may graduate with the following honors:

Summa Cum laude	3.75
Magna Cum laude	3.50
Cum laude	3.25

EXPENSES

Methodist College is a non-profit institution of Christian higher education supported financially by the North Carolina Conference of the Methodist Church; by income from endowment, tuitions and fees; by an annual sustaining pledge from the Fayetteville College Foundation; and by gifts from individuals, business concerns, foundations and other organizations interested in the cause of better education at the college level.

STUDENT EXPENSES

Fees are due and payable upon registration at the beginning of each semester. Statements will be mailed home for the fall semester of each academic year. Except upon request in writing, statements will not be mailed for the spring semester of any term. No student will be admitted to class until arrangements concerning settlement of fees have been made at the Business Office of the college. For those regularly enrolled students whose financial condition requires it, subject to the approval of the Comptroller, payments on November 15 and March 15, respectively, of one-half tuition and board, *only*, for the semester may be arranged. All other fees and charges must be paid on or before the date designated for classes to begin for the semester, as specified by the Academic Calendar. A fee of \$5.00 will be assessed any student failing to meet his or her financial obligations to the college when due.

The following is a schedule of expenses by semester, effective September, 1966:

	<i>Day Student</i>	<i>Boarding Student</i>

Candidates for degree will be charged a graduation fee of \$15.00.

When the absence of a student from an announced intra-semester test entails a make-up test, he must first present the instructor with the Comptroller's receipt covering a special fee of \$2.00. Similarly a special final examination requires the pre-payment of \$5.00. The Dean of Students is authorized to waive the payment of this fee for absences for certain reasons.

IN ORDER TO MEET CHANGING ECONOMIC CONDITIONS, THE BOARD OF TRUSTEES RESERVES THE RIGHT TO REVISE CHARGES AS CONDITIONS DEMAND. NO CHANGES WILL BE MADE DURING AN ACADEMIC YEAR.

All charges are payable in advance at the Business Office. Registration is not completed until all bills are settled. Transcripts or other statements of work completed will not be released by the Registrar until all charges at the Business Office have been satisfactorily arranged.

EXPLANATION OF CHARGES

Tuition

The tuition charge is for a minimum or normal course load for a student regularly enrolled as a full-time student. Students, who in exceptional cases, have course offerings approved above the normal load will be charged additional tuition at the rate of \$23.00 per semester hour.

For students enrolled for less than 12 semester hours, the tuition charge is computed at the rate of \$23.00 per hour.

General Fee

A general fee is required of all students. It covers the cost of such items as registration, testing and guidance, library and other services.

For students enrolled for less than 12 semester hours, the general fee is \$9.00 per semester hour, which also includes a pro-rated health and activity fee.

Health and Activity Fee

This fee will be charged each full-time student enrolled for the purpose of providing infirmary service, including a full-time college nurse; to assist with the support of the athletic program; to supplement the financing of the concert-lecture series and other organized student activities.

Board

All students residing in college dormitories must board at the college cafeteria. Dining facilities of the college include a cafeteria with multiple-choice meals, which are served throughout the college year except during vacation periods. Non-transferrable meal tickets are issued to boarding students. Commuting students are extended the privilege of food service for individual meals at announced prices in the college cafeteria.

Room

Two students are assigned to a dormitory room. Students are expected to provide their own linen, curtains or drapes, rugs, and blankets.

No student may move from one room to another without the written permission of the dormitory counselor, approved by the Dean of Students, and permit filed with the Comptroller.

Damages to property will be charged to person or persons responsible. Any damages to individual rooms will be the responsibility of occupants.

Dormitories are ordinarily closed during college vacation and holiday periods.

REFUNDS

Students who withdraw from college either by suspension, dismissal, or voluntary withdrawal will receive no refunds, except in case of tuition paid in advance beyond the current quarter, or board paid in advance beyond the date of withdrawal. When a student is permitted to withdraw and adjustments are involved for board, any part of a week will be considered as a full week for purposes of board charges. Application for refunds must be made at the time of withdrawal.

APPLICATION AND ACCEPTANCE FEES

Each prospective student pays an application fee of \$10.00 when application for admission is submitted. This is a non-recurring fee which is not refundable. A class reservation fee of \$25.00 is due when the applicant is accepted for admission. If a student intends to be a campus resident, an additional fee of \$25.00 is required to reserve space in a dormitory room. These deposits are not refundable after July 1, except upon a doctor's certificate of inability to enter. The class and

room reservation fees will be applied to the student's account when he enters college. If the applicant is not otherwise enrolled in the college, a registration fee of \$1.00 per course per semester must be remitted with the application by students in applied music and/or auditors of academic courses.

STUDENT ACCIDENT AND SICKNESS INSURANCE

Methodist College makes available each year a student insurance program at a minimum cost for a period covering the academic year. A letter and a brochure will be mailed to every student, following his or her acceptance, explaining this group policy in greater detail. The plan will cover serious illness and injury requiring hospitalization and surgery. Premiums should be paid by date specified in brochure.

FINANCIAL AIDS

Financial aid provided for students comes from scholarships, loans, and self-help employment. The college is interested in the formal education of every capable student regardless of his financial status. To this end, there are available scholarships, loans, and self-help employment to help defray his expenses.

SCHOLARSHIPS

A number of scholarships have been made available for qualified applicants, as described below. Need is an important consideration in determining the amount awarded each individual.

Methodist College Merit Scholarships to be awarded annually to high school seniors who have been accepted for admission to the College. These scholarships, of varying amounts up to \$550.00 renewable annually, will be awarded on the basis of high school records, competitive examinations, Christian character, and financial need.

The J. Warren Pate Scholarship provides \$300.00 to be awarded each year to a graduating senior of Hope Mills High School, renewable for two years, making the scholarship worth a maximum of \$900.00 to the recipient. These funds are made available by Mrs. J. Warren Pate, J. W. Paté, Jr., and John C. Pate of Fayetteville.

The Cummings Scholarship, worth \$500.00 annually, has been established by Mr. Hugh M. Cummings of Burlington, N. C., in honor of his wife, Mrs. Rebecca Coble Cummings. Preference is to be given to a young man who plans to enter the ministry or a young woman who proposes to go into a full-time church vocation.

The Alex Bethune Scholarship, established by Alex Bethune of Linden, N. C., is an annual scholarship of \$400.00 awarded according

to the following priorities: first, to a student from the community of Linden; second, to any senior from the Pine Forest High School; third, to any student in Cumberland County.

The Terry Sanford Scholarship of \$500.00 annually, given by Mrs. Tom McLean, is in honor of Mr. Sanford, the first Chairman of the Board of Trustees. It is available to any student enrolled in the College from Fayetteville or Cumberland County, subject to certain requirements to be met for eligibility. At the expiration of Mr. Sanford's term as Governor of North Carolina, friends throughout the state contributed to an endowment fund in his honor, the proceeds from which are now available for scholarships.

The D. Lacy McBryde Scholarship of \$250.00 to the first student from the town of Linden, North Carolina, to be accepted by the College.

The Reverend Frank Culbreth Scholarship, the proceeds of which will become available at a later date.

The Charles Rankin Memorial Scholarship fund of \$500.00 annually to be awarded to one or more students on the basis of scholarship and need—preference to be given to members of the First Presbyterian Church of Fayetteville. This endowed scholarship fund is established in memory of Charles Rankin by his mother, Mrs. Frances C. Rankin, and aunt and uncle, Mr. and Mrs. Henry Rankin, Jr., all of Fayetteville.

The Vernon C. Mason Scholarship Loan Fund has been established by the faculties of District 5, Cumberland County Schools, in honor of Mr. Mason who served as District Principal. This fund is to be used to assist worthy students who are in need of financial assistance to complete their college education.

The Richard M. and Ashton Lilly Scholarship of \$400.00, given annually by the employees of *The Fayetteville Observer*, is in honor of Mr. and Mrs. Lilly, publishers of the newspaper.

The Lydia Lennon and George W. Applewhite Scholarship of \$200.00 annually is established in their memory by their son, Mr. Hackett Applewhite of Raleigh. The scholarship is to be awarded to any needy student meeting entrance requirements of the College.

The Lenora Auten and Lloyd Dunn Scholarship Fund is established in their memory by their son, the Reverend Millard C. Dunn, District Superintendent of the Fayetteville District of the Methodist Church.

The Wilbur Ritchie Smith III Scholarship, worth approximately \$500.00 annually, has been established by Wilbur Ritchie Smith, Sr.,

of Fayetteville. The recipient must be a resident of Fayetteville, Cumberland County or Fort Bragg.

The John W. Hensdale Scholarship of \$500.00 annually, established by John W. Hensdale of Fayetteville, is to be awarded annually to one or two applicants from Cumberland County. Awards to be made on the basis of need, citizenship and scholarship.

The Margaret Bowman Martin Scholarship established in her memory by her daughter, Mrs. Joel C. Layton of Lillington, North Carolina, provides for an annual scholarship of \$100.00. Preference to be given as follows: (1) to a student preparing for full-time church vocation; (2) boy or girl of high moral character in environs of Lillington, N. C.; (3) any deserving student in state of North Carolina.

The Vara Bethune Kelly Scholarship given by Carl Kelly of Lillington, N. C., is in honor of his wife, Vara Bethune Kelly. This scholarship provides annually \$100.00 for any ministerial student studying at the college. In the event that there is no candidate for this ministerial scholarship, then the scholarship will be awarded to any boy or girl from North Carolina entering Methodist College.

The Mary Miller Brantley Scholarship given by Dr. Allen P. Brantley, in honor of his wife. This scholarship provides \$100.00 annually for any student at Methodist College.

The Belk-Hensdale Scholarship Fund, established by the Belk-Hensdale Company of Fayetteville, will provide \$500.00 annually, to be awarded to one or more students from Cumberland County. Scholarships to be awarded on the basis of need, citizenship, and scholarship with the following priorities: (1) male applicants interested in retail profession; (2) applicants with Belk-Hensdale Company connections; (3) students planning to enter a full-time church vocation; (4) any student from Cumberland County, meeting the scholarship requirements.

The Earl W. Brian Scholarship Fund has been established by his wife, Mrs. Blanche Brian of Raleigh.

The Fayetteville Woman's Club Scholarship amounting to \$250.00 per year is to be awarded to any student meeting the college's academic requirements.

The Woman's Society of Christian Service, North Carolina Conference of The Methodist Church, Scholarship. Three \$500.00 scholarships available to Methodist girls in the North Carolina Conference planning to attend Methodist College, Louisburg College or North Carolina Wesleyan. Applications to be submitted to District President, W.S.C.S., not later than 10 days prior to announced spring meetings of the District Scholarship Committee.

The **Margaret McLeod Teabeaut Scholarship Fund** was provided by Mrs. Teabeaut in her will. Interest from the fund is to be used to help deserving students.

The **Pittman-Frizelle Scholarship**, established by Mr. and Mrs. J. B. Frizelle of Maury, N. C., is to aid young women from Greene County seeking a college education. The scholarship, amounting to approximately \$600.00 annually, is to be used at Methodist College, Louisburg College and North Carolina Wesleyan. Methodist College applicants from Greene County interested in this scholarship should write the Executive Director, North Carolina Conference Commission on Higher Education, Box 1006, Raleigh, N. C.

The **R. A. Matheson Memorial Scholarship** in memory of Dr. Robert Arthur Matheson of Raeford, N. C., was established by Mrs. Matheson and friends following Dr. Matheson's death in 1960.

The **Ernestine Matthews Scholarship**, established by the trustees of the Ernestine Matthews Trust, Washington, D. C., in honor of Dr. Karl H. Berns, a distinguished figure in national educational circles and now serving as Director of Methodist College's Teacher Education Program. The award of \$500 annually is to be made to one or more outstanding students of Methodist College.

Methodist College-Holt-Williamson Fund. Proceeds from this fund preferably will be used to further the education of employees of Holt-Williamson Manufacturing Co. In the event there are no such candidates, consideration will be given other worthy applicants.

The **Fannie B. Stein Scholarship Fund**, established by the Capitol Club of Fayetteville. The scholarship in the amount of \$300 is to be awarded to one or more students from Cumberland County.

The **Arthur and Portia MacPhail Vann Memorial Scholarship** has been established by Mrs. Fannie Vann Simmons of Kenly, North Carolina, in memory of her parents. This is an endowed scholarship with first consideration being given to any blood relative of Mrs. Simmons. If there are no requests from this source, the scholarship may then be awarded to any worthy student for study in the field of religious education.

The **Clifton Brock Scholarship**, established by Clifton Brock of Lillington, North Carolina, provides an annual scholarship of \$100 to be used to assist worthy students who are in need of financial assistance to pursue or complete their college education.

The **Lela Croom Memorial Scholarship Fund** has been established by friends of Miss Croom who was an outstanding student of Methodist College and would have graduated in the Class of 1964. Proceeds from the fund will provide one or more scholarships each year for

young women who possess the moral and academic qualities exemplified by Miss Croom and who give evidence of financial need.

The **Circle K Scholarship**, established by the Methodist College Circle K Club, provides an annual award in the amount of \$100.00. Any full-time student with financial need is eligible to receive the scholarship.

The **Delta Kappa Gamma Grant-In-Aid**, established by the Alpha Tau Chapter of Cumberland and Hoke Counties, is to be awarded on the basis of merit and need. The award, a minimum of \$100.00 annually, is to be awarded to a girl who is a rising senior at Methodist College and is preparing to teach. The recipient must be a native of North Carolina with preference to Cumberland and Hoke Counties.

The **Fayetteville Post Office Employees Scholarship** in the amount of \$200.00 annually to be awarded to a graduate of Cumberland County or Fayetteville Senior High schools. The recipient must be a child of a Fayetteville Post Office employee.

The **Franklin S. Clark Scholarship** has been established in his memory by his sisters, Mrs. Henry L. Anderson and Mrs. John C. Haskell, and by his sons and daughters, William E., Margaret St. Clair, Franklin S., Jr., and Mary Pride.

Mr. Clark was the first president of the Fayetteville College Foundation, organized to provide local support for the college from Fayetteville and Cumberland County. The scholarship of \$500 annually is to be awarded to one or more male students from Cumberland County.

SPECIAL HONORS AND AWARDS

The **Lucius Stacy Weaver Award**, established in 1964 by the family of Dr. L. Stacy Weaver as a means of honoring Methodist College's first president. The award consists of an engraved plaque and is made to an outstanding member of each graduating class adjudged by the faculty to have best exemplified in personality and performance the

qualities of academic excellence, spiritual development and leadership and service.

The Marie C. Fox Philosophy Award, established by the first professor of Philosophy at Methodist College, is presented annually at the close of the academic year to the student in Philosophy who has in that year exhibited in his studies outstanding analytic ability, philosophical perspective and creative potential. The honorarium is a \$50 United States Government Bond.

The George and Lillian Miller History Award, established by Methodist College's first Dean of Women, who was also a member of the History department faculty staff. It is presented annually at the close of the academic year to one adjudged by the History faculty to have been an outstanding student in this field and having the greatest academic potential. To be eligible for consideration the student must have completed 18 semester hours of work in History by or during the second semester of his junior year. The honorarium is \$25.00.

Methodist College Scholars. This elite scholarship group was established by the faculty in 1964 as a means of honoring outstanding academic performance. Only those students who maintain the highest character and academic standards are eligible for election. Minimum academic standards are a 3.75 grade-point average for candidates completing the junior year; 3.60 for first-semester seniors, and 3.50 for graduating seniors. Election is by the faculty in the spring of each academic year.

LOAN FUNDS

1. Methodist College participates in the National Defense Student Loan Fund established by the National Defense Education Act of 1958. Assistance is in the form of loans which bear no interest until repayment begins, and the borrower is not required to begin repayment until one year after he ceases to pursue a full-time course of study. While the act provides that a student who can show a need for financial assistance may borrow up to \$1,000 per year for five years at 3% interest, payable over a period of 10 years, the College may place any limit it desires upon the available funds in order to serve the greatest number of applicants. Methodist College provides 10% of these funds from its own resources.

2. The Scholarship Loan Fund for Prospective Teachers has been established by the State of North Carolina to aid students preparing to teach in the public schools. Loans up to \$350.00 per year may be secured by qualified applicants. Each year's loan may be discharged by a year's teaching service in North Carolina within seven years after the completion of each loan. If the recipient does not teach in the public schools of North Carolina, the amount awarded is considered a loan and must be paid. Applications should be made directly to the State Department of Public Instruction, Raleigh, North Carolina.

3. Students who are members of Methodist families may apply for loans directly to the Methodist Student Loan Fund, Box 871, Nashville, Tennessee.

4. **The C. J. Wiggs, Jr., Student Memorial Loan Fund** is available to eligible applicants. Terms of repayment and other details are available from the Registrar.

5. **The Fayetteville Musical Arts Guild Student Loan Fund**, established by the guild, is to be loaned to students for tuition and other expenses. Recipients are not required to be majoring in music, but courses in music must be a part of their curriculum.

6. **Insured Loan Program of The Higher Education Act of 1965.** This program is administered by the College Foundation, Inc. Application blanks may be obtained from and must be returned to the Financial Aid Officer at Methodist College.

7. **The Winifred T. Smith Loan Fund** established by her friends in recognition of her forty-one-year career in the field of teaching. The fund is to aid worthy students majoring in mathematics or science.

8. Other loan funds and grants-in-aid will be available through the College, with limited self-help work opportunities to earn a part of essential expenses.

REMISSION OF TUITION

1. **Church Vocations:** Students preparing to enter full-time work in a church maintaining a paid ministry are granted remission of one-half tuition. Men or women who expect to enter the preaching or teaching ministry, to serve as directors of Christian Education, to serve as overseas missionaries or presently serving as such are eligible for this remission. Application for such remission of tuition must be made to and approved by the Department of Religion. Such students are required to sign a note at the beginning of each semester and must maintain at least a 2.0 average in academic marks. The notes for two college semesters are cancelled for each calendar year's service in a full-time church vocation. Acceptance of full employment in a vocation other than church-related will make the entire note payable immediately.

2. **Legal Dependents of Ministers:** Legal dependents of ministers who are members of the North Carolina Annual Conference of the Methodist Church, and legal dependents of ministers of all faiths residing in Cumberland County, North Carolina, are granted remission of one-half tuition. Only the legal dependents of ministers who are giving their full time to religious work, or are retired from the same, are eligible for this remission.

Students may qualify for either one or the other of the above provisions for remission of tuition, but not both at the same time.

APPLICATION FOR FINANCIAL AID

Application for scholarship, loan or grant-in-aid available through the college should be filed with the application for admission with the

qualities of academic excellence, spiritual development and leadership and service.

The Marie C. APPLICATION FOR FINANCIAL AID

Application for scholarship, loan or grant-in-aid available through the college should be filed with the application for admission with the

Director of Admissions. A financial statement is required also and the applicant must have been officially accepted for admission to the college prior to consideration for financial assistance.

Since scholarships and loans are generally awarded on an annual basis, an application for renewal must be filed for each succeeding academic year, but not later than April 1. Renewal or continued financial aid will be contingent upon financial need, satisfactory academic and character performance during the previous semester.

SELF-HELP EMPLOYMENT

In addition to scholarships, loans and grants-in-aid available to full-time students enrolled in the College, the Administration has developed a work program for the purpose of offering opportunities of self-help to those students whose financial status demands such assistance to continue their college education. The college also participates in the Work-Study program provided by the federal government through the Economic Opportunities Act. Any student who wishes to be considered for campus employment under either of these programs should contact the Financial Aid Officer.

An application for self-help assistance is reviewed by the Financial Aid Officer and Comptroller, who then assigns those applicants accepted to areas of employment as requested by various departments. Only those students whose financial profile sheets indicate need can be accepted. The number of work opportunities are limited, with job assignments based on the merits of each case. Student assistants are currently assigned to Cafeteria, Student Supply Store, Telephone Exchange, Library, Science Laboratories, Administrative Offices and Maintenance departments.

The College reserves the right to apply any reimbursement against any unpaid balances currently due on the student's account.

BUDGET PAYMENT PLANS

The idea of budgeting tuition and other expenses is becoming popular with many families; therefore, Methodist College provides through cooperation with First-Citizens Bank and Trust Company, Raleigh, North Carolina, a monthly payment plan for those who desire to make application directly to the bank. Brochure of the plan may be secured from the Business Office of the College.

Offered solely as a convenience for those parents who prefer to pay tuition and other fees in equal installments, Tuition Plan, Incorporated, One Park Avenue, New York 16, New York, makes several optional plans available to those who are interested. Descriptive pamphlets are available upon request from the office of the Comptroller at Methodist College. Also an installment plan offered by Education Funds Incorporated, 10 Dorrance Street, Providence, R. I., will be available for parents at the beginning of the 1966-67 academic year.

DEGREES AWARDED

As a liberal arts college, Methodist College emphasizes the humanities and basic sciences. Methodist College will confer the two standard baccalaureate degrees, the B.A. and B.S., upon those students who complete all the stated requirements. The basic requirements for a Bachelor's degree, are the same; the distinction lies in the student's choice of his area of concentration. Students who choose to concentrate in the Area of Science and Mathematics will be awarded the Bachelor of Science degree. All others will be awarded the Bachelor of Arts.

AREAS OF STUDY

The organization of the courses of study at Methodist College is intended to be an expression of its general philosophy of education (see Statement of Purpose). The Curriculum is grouped into six Areas of Study.

- I. LANGUAGES AND LITERATURE: English, Dramatics, French, German and Spanish.
- II. RELIGION AND PHILOSOPHY.
- III. EDUCATION AND PSYCHOLOGY.
- IV. SCIENCE AND MATHEMATICS: Biology, Chemistry, Physics, and Mathematics.
- V. SOCIAL SCIENCE: Economics and Business Administration, Geography, History, Political Science, and Sociology.
- VI. FINE ARTS: Art and Music.

This type of course organization aims to avoid the tendency toward a piecemeal education and the intellectual divisiveness which sometimes accompanies excessive departmentalization of studies. This fairly natural grouping of courses is to facilitate a larger degree of coherence among allied courses and to promote meaningful integration of the various areas of study, thus encouraging a synthesis or wholeness of the college experience.

BASIC COURSE REQUIREMENTS

Because graduates of a liberal arts college ought to possess a certain common core of knowledge, experience and intellectual competence,

IN THE CLASSROOM

Methodist College has set the following specific course requirements for all candidates for a degree:

<i>Areas</i>	<i>Semester Hours Required</i>
I. LANGUAGE AND LITERATURE:	
Freshman English (101-102)	6
Sophomore English (201-202)	6
Foreign Language	6
(Above the elementary level)	
II. RELIGION AND PHILOSOPHY:	
Bible	6
Philosophy	3
III. EDUCATION AND PSYCHOLOGY:	
General Psychology (201)	3
IV. SCIENCE AND MATHEMATICS:	
Science (101-102)	8
Mathematics (101, 102 or 105, 106)	6
V. SOCIAL SCIENCE	
History 101, 102	6
Ec. 151, Geog. 252, Pol. Sc. 151, or Soc. 151	6
(These six hours must be in two areas)	
VI. FINE ARTS:	
Art 151 or Music 151	3
	59

In addition to the above, all students are required to complete Physical Education 101, 102, 201 and 202.

FIELDS OF CONCENTRATION

During their freshman and sophomore years students are expected to complete as many of their basic course requirements as possible.

Enrollment is required in English and physical education each term until the requirements in these subjects are fulfilled.

Before the end of the sophomore year, students will choose their field of concentration and departmental major.

The junior and senior years are devoted primarily to the completion of the requirements in the chosen field of concentration. A major consists of 24-36 semester hours in one department, supplemented by a minor.

The following departmental majors are offered:

Biology	History
Chemistry	Mathematics
Economics and Business Administration	Music
*Elementary Teacher Education	Political Science
English	Religion
French	Spanish

The following minors are offered:

Biology	Philosophy
Chemistry	Physics
Economics	Political Science
English	Psychology
French	Religion
History	Secondary Education
Mathematics	Sociology
Music	Spanish

*A minor is not required to supplement the major in Elementary Teacher Education.

SUMMARY OF REQUIREMENTS FOR GRADUATION

Methodist College will confer a Bachelor's degree upon a student when he has fulfilled all of the following requirements:

1. Is in good standing in character, conduct and financial obligations to the college;
2. Has earned at least 128 semester hours of credit with a minimum cumulative grade-point average of 2.0;
3. Has satisfactorily completed the basic courses required of all students;
4. Has continuously maintained satisfactory competence in written and oral expression;
5. Has completed all the requirements of his chosen fields of concentration, including a departmental major and minor. He must have no failing grade in his major field;

6. If a transfer student, he has spent his senior year in residence at Methodist College with an academic load of at least 30 semester hours, of which 24 hours have been senior level courses; further, if, as a transfer student he has achieved a minimum cumulative grade-point average of 2.0 on all courses attempted at Methodist College, as well as upon his total academic record.

VOCATIONAL OR PROFESSIONAL INTERESTS

Building on a firm foundation of essential arts courses, certain vocational or professional curricula are offered. Students may choose courses of study leading to the Christian ministry, Christian education work, overseas missionary service, public school teaching, government service, law, medicine, dentistry, engineering, business administration, music, and others.

PRE-THEOLOGICAL COURSE OF STUDY

Students preparing themselves for further training in seminaries or divinity schools will find that more and more such institutions are emphasizing the importance of a major in Religion at the undergraduate level. This is not necessarily a requirement but provides the student with certain advantages at the seminary level. The American Association of Theological Schools does recommend that pre-seminary training include a total of 90 semester hours in the areas of English, History, Philosophy, Psychology (and other Social Sciences) and a foreign language (French, German, Latin, Hebrew or Greek), as well as Religion. The minimums in each case should be as follows:

	<i>Sem. Hours</i>
English	15
Composition, Literature and Speech	
History	6
Ancient, Modern European, American	
Philosophy	3
History, Content and Method	
Religion	6-12
Psychology	3

PRE-ENGINEERING COURSE OF STUDY

The "3-2 Program" has been established in co-operation with the School of Engineering of N. C. State University. The student may transfer from Methodist College to N. C. State at the end of his junior year. A two-year course of study is given by the engineering school enabling the student to complete both his liberal arts degree and his professional degree in five years. When the student has qualified for his professional degree from the approved institution, he will be awarded the B.S. degree from Methodist College.

An illustrative program for students who are interested in transferring to N. C. State follows:

PRE-MEDICAL PROGRAM

Pre-medical, pre-dental, and pre-nursing students are advised to secure as fundamental and broad a preparation in the humanities as is possible and consistent with thorough preparation in the sciences. The requirements of the different schools vary somewhat; therefore, it is advisable that the student familiarize himself with the entrance requirements of the particular school which he hopes to attend. The usual requirements include general biology, inorganic and organic chemistry, general physics, English, foreign language, and history.

TEACHER EDUCATION

One of the primary concerns of the college, as well as one of its principal opportunities for service, is in the field of teacher education. The college desires to make a maximum contribution toward meeting the need for well-trained and dedicated teachers for the public schools. It recognizes teacher education as an institution-wide responsibility. Through its Teacher Education Committee the college will bring to bear the effective cooperation of all the departments of the institution in carrying out its program of teacher education.

The state inaugurated a new teacher education program on September 1, 1966. Methodist College is geared to prepare teachers under that program. The first college graduates required to be certified under the new program will be the 1966-67 graduates.

Under the new plan of teacher education, each curriculum for the preparation of teachers shall include the areas of general education, subject matter specialization or concentration, and professional education. These areas are expressed in terms of guidelines which give direction to the nature, scope, sequence and relative emphasis to the parts of which they are composed. As presently organized, the college will prepare elementary school teachers, secondary school teachers of English, French, Mathematics, Biology, Chemistry, History, Spanish and the special subject teacher of General Music.

In planning its curricula for the preparation of teachers, the college has as its guide, Publication No. 353, *Standards and Guidelines for the Approval of Institutions and Programs for Teacher Education*, and Publication No. 357, *Teaching in North Carolina: Certification, Employment Procedures and Salary Policies*, both issued by the State Department of Public Instruction. The curriculum design at Methodist College provides for general education, subject matter specialization or concentration, and professional education, in accordance with the Guidelines.

COURSE NUMBERING

All courses are numbered according to the following system:

- 101-199 Primarily for freshmen.
- 201-299 Primarily for sophomores.
- 301-399 Primarily for juniors.
- 401-499 Primarily for seniors.

Odd-numbered courses are usually offered in the first semester and even-numbered courses in the second semester; those ending in zero may be given either semester. Numbers separated by a hyphen indicate a continued two-semester course, all of which must be taken to receive credit unless special permission is granted by the instructor. The college reserves the right to cancel a course offered if there is insufficient registration. The courses listed in this catalogue are not exclusive. From time to time the college will add suitable courses and make revisions in the curriculum in its continuous effort to provide liberal arts education and professional training of the highest quality.

AREA IV: SCIENCE AND MATHEMATICS

BIOLOGY

The aim of the Department of Biology is to acquaint students with knowledge of living organisms. Students who are interested in entering various professional fields such as public school teaching, research and public health immediately after graduation, are offered a major sequence of courses which should complete a well-rounded view of the plant and animal world. The department also undertakes to meet the needs of pre-professional students in preparation for admission to post-graduate programs in medicine, dentistry, nursing, public health and veterinary medicine.

Requirements for a major: a minimum of 30 semester hours in Biology, and a minor in Chemistry. Chemistry 101-102 should be taken in freshman year. Prospective secondary school Biology teachers minor in education with one year each of Chemistry and Physics. Requirements for a minor: a minimum of 16 semester hours in Biology. All courses meet for three hours of lectures per week and one three-hour laboratory per week, unless stated otherwise.

- 101 **Introduction to Zoology** 4 s.h.
A foundation course covering the fundamentals of biology as related to animals. The course includes such topics as cell structure, descriptive physiology, development of individuals, morphology, and systematics. Offered fall, spring and summer semesters.
- 102 **Introduction to Botany** 4 s.h.
A foundation course covering primarily the morphology, physiology and economics of plants, with emphasis on the dynamics of their life processes as it relates to heredity, evolution and development. Offered fall, spring and summer semesters.
- 201 **Invertebrate Zoology** 4 s.h.
An introduction to the study of the lower animals, with primary attention to their systematics, distribution, form, function and development. Prerequisites are Biology 101 and 102. Offered fall semester; summer semester by demand.
- 203 **Vertebrate Zoology** 4 s.h.
Includes a survey of the chordates, and the fundamentals of form, function, systematics, distribution and development as it pertains to the vertebrate body. Prerequisites are Biology 101 and 102. De-

ONE OF FOUR MODERN BIOLOGY LABORATORIES

- signed as a companion course to Invertebrate Zoology, Biology 201. Offered spring semester; summer semester by demand. 4 s.h.
- 301 **Non-Vascular Plants** 4 s.h.
A summary of lower plants, with emphasis upon systematics, distribution, form, function, development and importance to man. Prerequisites are Biology 101 and 102. Offered fall semester; summer semester by demand.
- 304 **Vascular Plants** 4 s.h.
A comparative study by form, function, development, distribution and systematics of higher plants. Prerequisites are Biology 101 and 102. Designed as a companion course to non-vascular plants, Biology 202. Offered spring semester; summer by demand.
- 311 **Embryology** 4 s.h.
The study of reproductive cells, fertilization, maturation, cleavage, gastrulation, embryonic development. Intended primarily for the pre-professional student. Prerequisites are Biology 201 and 203. Open to juniors and seniors only. Offered fall semester; summer semester by demand.
- 361 **Comparative Vertebrate Anatomy** 4 s.h.
A study of vertebrate bodies emphasizing the various systems and comparative studies elucidating various distinguishing features of the different classes of vertebrates. Prerequisites are Biology 201 and 203. Open to juniors and seniors only. Offered fall semesters; summer semesters by demand.
- 410 **Microbiology** 4 s.h.
A study emphasizing bacteria, but including other parasitic micro-organisms from the standpoint of

their systematics, form, function, and importance to man. Prerequisites are Biology 201 and 202, Chemistry 101 and 102. Open to juniors and seniors only. Offered spring semester; summer semester by demand.

450 **Special Topics in Biology**

Open to biology majors who wish to do more advanced work in some area of special interest. Nature of investigation dependent upon problems. Credit to be determined.

460 **Cytogenetics**

4 s.h.

A presentation of the principles, problems and methods of cellular form and function and of heredity with certain applications to the breeding of animals and plants, and to evolution. Prerequisites: Biology 201 and 202, or by permission of instructor. Open to juniors and seniors only. Offered spring semester only.

CHEMISTRY

Requirements for a major in Chemistry: a minimum of 30 semester hours in the department, with completion of Mathematics through differential equations. Requirements for a minor in Chemistry: a minimum of 16 hours in the department, including Chemistry 101 and 102.

101, 102 **General Chemistry**

4, 4 s.h.

Three lectures and four laboratory hours each week with quiz and discussion periods. An introduction to the study of the principal metallic and non-metallic elements and their compounds, and the fundamental laws and principles of chemistry.

251 **Qualitative Analysis**

4 s.h.

Two lectures, one quiz period, and four laboratory hours each week. The fundamental principles and theories underlying the qualitative analysis and the methods of separation and identification of the common cations and anions are studied both in class and laboratory, using chiefly the semi-micro technique. Prerequisite: Chemistry 101-102. Offered alternate years.

252 **Quantitative Analysis**

4 s.h.

Two lectures, one quiz period, and four laboratory hours each week. A study is made of the principal

AT WORK IN ONE OF FOUR MODERN CHEMISTRY LABORATORIES

methods of quantitative chemical analysis by means of lecture, discussion, laboratory work, and problems. Prerequisite: Chemistry 101, 102 and 251. Offered alternate years.

321, 322 **Organic Chemistry**

8 s.h.

Three lecture-quiz-recitation periods and three laboratory hours per week. A study of the aliphatic and the aromatic series; methods of preparing, purifying and identifying organic compounds. Prerequisite: Chemistry 101, 102. Offered alternate years.

351, 352 **Physical Chemistry**

8 s.h.

Three lectures and three laboratory hours per week. A study of the properties of solids, liquids, gases and solutions. Prerequisite: Chemistry 252, Physics 101 and 102, Mathematics 351 or permission of instructor.

450

Special Topics in Chemistry. Credit to be determined. Conferences, library and laboratory work. Open to Chemistry majors who wish to do more advanced work in some area of special interest.

MATHEMATICS

Requirements for a major in Mathematics: a minimum of 30 semester hours in the department, including Math 401 and 402, but not including Math 101, 102 or 405. Also, Physics 101 and 102. A minor in Mathematics shall consist of a minimum of 18 semester hours in the department, including Math 151 and 152 but not including Math 101 and 102.

- 101 **A Survey of Basic Mathematics** 3 s.h.
Designed for freshmen who are not continuing in advanced courses. It includes the axiomatic use of basic mathematical concepts in the development of the real and complex number systems. It begins with the principles and practices of arithmetic, followed by various topics from algebra, geometry, and trigonometry. It is developed with the use of many problems from a workbook.
- 102 **Introduction to Modern Mathematics** 3 s.h.
Designed to complement Basic Mathematics. Logic; sets and relations; axiom of choice; cardinal and ordinal numbers with systems of numeration; and introduction to geometry, probability and algebra are included.
- 105 **College Algebra** 3 s.h.
Algebra from a more mature point of view. Topics include a study of the nature and methods of proof; number systems, real and complex; algebraic expressions; exponents and radicals; equations; inequalities. A first unit preparation for calculus. Prerequisite: at least three years of secondary school mathematics including two years of algebra, units in geometry and trigonometry.
- 106 **Elementary Functions** 3 s.h.
A thorough study of the algebraic, exponential logarithmic and trigonometric functions, including domain, range, graphing and applications in preparation for the study of calculus. Prerequisite: Mathematics 105 or advanced placement (at least 3½ years of secondary school mathematics).
- 151 **Introduction to Calculus** 3 s.h.
Differential and integral calculus of the elementary functions with associated analytic geometry. Techniques and applications of differentiation. Integral calculus introduced as area—the limit of Riemann sums. Techniques and applications of integration. Prerequisite: Mathematics 106 or advanced placement.
- 152 **Mathematical Analysis I** 3 s.h.
A study of the basic theory of calculus; limits, continuity, chain rule, Rolles Theorem, Mean Value Theorem, Fundamental theorem of integral calcu-

- lus. A complete study of the calculus of transcendental functions. Methods of integration. Prerequisite: Mathematics 151.
- 201 **Linear Algebra** 3 s.h.
A study of systems of linear equations, matrices, determinants, vector spaces, linear dependence, linear transformations, similarity of matrices and characteristics of a matrix. Prerequisite: Mathematics 151.
- 202 **Mathematical Analysis II** 3 s.h.
A study of intermediate topics of calculus; hyperbolic functions; polar coordinates; sequences and series, complex variables and functions. Prerequisite: Mathematics 201.
- 205 **Introduction to Probability and Statistics** 3 s.h.
Includes permutations, combinations, binomial and normal distributions, analysis of data, sampling theory, testing hypotheses, random variables and probability functions. Prerequisite: Mathematics 151.
- 301 **Theory of Equations** 3 s.h.
The study of algebraic equations from an advanced viewpoint including complex numbers, number and nature of roots. This course is designed to be particularly useful to prospective secondary school mathematics teachers. Prerequisite: Mathematics 151.
- 302 **Modern College Geometry** 3 s.h.
Advanced Euclidean geometry and an introduction to non-Euclidean geometry. This course is designed to be particularly useful to prospective secondary school mathematics teachers. Prerequisite: Mathematics 151.
- 305 **Differential Equations** 3 s.h.
An introduction to ordinary differential equations of first and second order, with applications in geometry and physics. Prerequisite: Mathematics 202.
- 401 **Advanced Calculus** 3 s.h.
Vector calculus; the del operator, gradient, divergence, curl; the theorems of Gauss, Green and

Stokes; exact differential forms. Multivariable calculus, line and surface integrals; Fourier series. Prerequisite: Mathematics 202.

- 402 **Modern Algebra** 3 s.h.
An introduction to modern algebraic concepts, including set theory of numbers and polynomials. Prerequisite: Mathematics 151.
- 405 **Modern Concepts of Arithmetic and Algebra** 3 s.h.
The nature of number systems, logical structure of arithmetic and algebra, informal geometry, computation measurement, problem solving, functional relations. This course is designed primarily for elementary school teachers. (No credit toward a major or minor in mathematics).

PHYSICS

Requirements for a minor in Physics: 16 semester hours of work in the department, including Physics 101, 102, 252 and 255. For those preparing to become elementary school teachers Physics 251 is recommended.

- 101 **General Physics I** 4 s.h.
The physical aspects of mechanics, heat and sound are treated from a mathematical point of view in lecture, discussion, and laboratory with emphasis placed on systems of measurement and the development of skill in their application. Three hours of lecture and discussion and three hours of laboratory.
- 102 **General Physics II** 4 s.h.
Electricity, optics and modern physics are treated mathematically and physically in lecture, discussion and laboratory with emphasis placed on systems of more exact measurement and the development of skill in their application. Three hours of lecture and discussion and three hours of laboratory.
- 251 **Principles of Physical Science** 3 s.h.
Two lecture-discussion periods and one laboratory period per week. A thorough study of the fundamental laws and principles of physical science will

be made. The use and constructions of simple apparatus from common inexpensive materials will be stressed. Not offered to persons who already have college credits in Physics or Chemistry.

- 252 **Introductory Atomic and Nuclear Physics** 4 s.h.
A modern Physics course, with lectures and laboratory work emphasizing the classical experiments through which the revelation of basic atomic structure was brought about. Prerequisites: Physics 102 and Calculus, concurrently.
- 255 **Electricity and Magnetism** 4 s.h.
Electricity and magnetism are treated from a wholly theoretical point of view on an intermediate level. Static electricity through alternating currents. Prerequisites: Physics 102 and Calculus, concurrently.
- 260 **Electro-Mechanics** 4 s.h.
The new Berkeley Course, which combines classical mechanics, electricity and magnetism, and relativistic mechanics. Prerequisites: Physics 102 and Calculus, concurrently.

HISTORY

Requirements for a major in History: a minimum of 30 semester hours in the department. Requirements for a minor: a minimum of 18 semester hours in the department. Courses 101, 102, 201, and 202 are required for both the major and the minor.

- | | | |
|-----|---|--------|
| 101 | Western Civilization I
The history of civilization in the western world beginning with prehistoric man and emphasizing the major events of ancient Mesopotamia, Egypt, Greece, Rome and early Medieval Europe. Particular stress is placed on cultural developments, political growth and economic factors. | 3 s.h. |
| 102 | Western Civilization II
A continuation of the study of western civilization beginning with the later Middle Ages and emphasizing the major events of the later Middle Ages, the Renaissance, the Enlightenment and the Industrial Revolution of the 19th and 20th centuries. | 3 s.h. |
| 201 | United States History I
Transit of civilization from Europe to America, beginning with Colonial settlements and emphasizing the historical developments in the United States of political, social and economic importance to 1876. | 3 s.h. |
| 202 | United States History II
A continuation of the study of the history of the United States since 1876 with emphasis on the emergence of this nation as a political, economic and social force in the modern world. | 3 s.h. |
| 311 | Ancient History
A history of the ancient Near Eastern civilization, the Hellenic, Hellenistic and Roman worlds. | 3 s.h. |
| 312 | Medieval History
A study of the medieval world from 300-1300, from the time of Diocletian to that of Dante. | 3 s.h. |
| 351 | English History I
A survey of English history from the earliest times to the end of the Tudor Period in 1603. | 3 s.h. |

- | | | |
|-----|--|--------|
| 352 | English History II
A continuation of the survey of English history from the Stuart Period to the present day. | 3 s.h. |
| 401 | History of Asia
A study of the history of China, Japan, Korea, India, and the lands of Southeast Asia, including Indonesia and the Philippines. Emphasis upon factors in the development and recent modifications of political, social, economic and intellectual traditions of those areas. | 3 s.h. |
| 411 | Soviet Russia and International Communism
An examination of the history of Russia during the Tzarist regime, the 1917 revolution, and recent international developments emanating from the Marxist axis in Moscow. | 3 s.h. |
| 450 | Modern European History
A brief survey of the background to World War I, with concentration on pre- and post-World War II Europe. Map exercises and outside readings required. Prerequisites: History 101 and 102. | 3 s.h. |
| 460 | Senior Seminar
Selected historical topics are studied by means of lectures and readings. Bibliography and work in primary sources are stressed. Juniors may be admitted with the consent of the instructor. | 3 s.h. |

ECONOMICS AND BUSINESS ADMINISTRATION

Requirements for a major: a minimum of 30 semester hours in the department. Requirements for a minor: a minimum of 15 semester hours in the department. Courses numbered 151 and 152 are prerequisites for all other courses offered in the department.

- | | | |
|----------|---|--------|
| 151, 152 | Principles of Economics
Analysis of the principles underlying the operation of an economic system and their application to important questions of public policy. | 6 s.h. |
| 251 | Principles of Accounting I
A beginning course in the procedures of double entry accounting and the theory of underlying these proceedings. Accounting techniques applicable to simple business enterprises are studied, including adjusting and closing entries and the preparation | 3 s.h. |

of income statements and balance sheets. This course provides a foundation for all aspects of accounting including managerial applications.

- 252 **Principles of Accounting II** 3 s.h.
Continued from Economics 251, this course deals with accounting theories and procedures applied to larger and more complex forms of business organizations, such as partnerships and manufacturing corporations. Prerequisite: 251.
- 301 **Business Organization and Administration** 3 s.h.
An introduction to the areas, principles and practices of modern American Business.
- 311 **Money and Banking** 3 s.h.
The money and banking institutions of the United States, past and present and prospective, including the Federal Reserve System, theories of the value of money, domestic and international monetary principles and policies.
- 312 **Public Finance** 3 s.h.
An introduction to governmental functions and expenditures, with emphasis on public administration, budgeting, borrowing and debt, on the local, state and national levels.
- 351 **Marketing** 3 s.h.
Study marketing channels and institutions including retail, wholesale and industrial marketing. An examination of merchandising techniques and the application of policy to various phases of marketing are also included.
- 352 **Business Law** 3 s.h.
Source of law; the courts, court procedures and legal terms, contracts and agency; personal property; negotiable instruments; security transactions; partnerships, corporations, business trusts, business torts and crimes.
- 411 **Corporation Finance** 3 s.h.
A study of the means by which capital formation aids specialization and division of labor to raise living standards. Channels for securing capital for corporate promotion, expansion and reorganiza-

tion; financial plans; financial management analysis; bond contracts; dividend policies; valuation of the corporate enterprises.

- 412 **Industrial Relations and Personnel Management** 3 s.h.
A course intended to survey the fields of labor relations and personnel management and examine the most important techniques and procedures in current use. Attention is directed toward an analysis of the worker in organized and unorganized labor markets. The role of government in labor disputes is also evaluated.
- 420 **Comparative Economic Systems** 3 s.h.
Analysis of the major types of present day economic systems: liberal capitalism vs. authoritarian socialism (Soviet Communism); liberal capitalism vs. authoritarian capitalism (Fascism). Development of theories of planning collectivist economies; theories of economic stability of liberal capitalism.

POLITICAL SCIENCE

Requirements for a major: a minimum of 30 semester hours in the department. Requirements for a minor: a minimum of 15 semester hours in the department. Political Science 151 is a prerequisite for all other courses offered in the department.

- 151 **American Government** 3 s.h.
A description and analysis of the origin, structure, and operation of the United States Government, with emphasis on the roles of the executive, legislative and judicial branches of the government.
- 201 **State and Local Government** 3 s.h.
A description and analysis of the patterns of American state governments and the structural systems of municipalities; their functions in the fields of education, public health and welfare, law enforcement, highways, public safety, etc., with particular emphasis on North Carolina government.
- 231 **Comparative Government I** 3 s.h.
A study of current democratic governmental institutions in the major European powers. Focus will be made on institutional organization, political parties, bureaucracy, and current policy problems.

- 232 **Comparative Government II** 3 s.h.
A study of the totalitarian system of government, with particular emphasis on the Communist world, its party organization and governmental structure, as well as current ideological conflicts among totalitarian nations.
- 254 **American Constitutional Law** 3 s.h.
An analysis of the leading Supreme Court decisions in selected major areas, including the executive and legislative branches, federal-state relations, commerce, taxation, foreign affairs, federal welfare legislation, civil liberties and civil rights.
- 301 **Political Theory I** 3 s.h.
A survey of influential political theories from the ancient Greeks to Jean Bodin.
- 302 **Political Theory II** 3 s.h.
A survey of influential political theories from Jean Bodin to the twentieth century.
- 351 **International Relations** 3 s.h.
An introduction to the basic principles of international politics, the balance of power, imperialism, the practice of diplomacy, the settlement of conflicts through international law and the search for peace through collective security.
- 352 **American Diplomacy** 3 s.h.
A study of American foreign policy from 1776, with emphasis on the development of governmental agencies which conduct foreign affairs. Special attention is given to the role of public opinion in the formation of foreign policy.
- 401 **The British Commonwealth of Nations** 3 s.h.
A study of the transition from Empire to Commonwealth, with emphasis on the development of representative and responsible governments in Canada, South Africa and Australia.
- 421 **Political Parties** 3 s.h.
A study of the development, organization, function and activities of the major and several of the minor political parties in the United States. Attention will also be given to the role of pressure groups.

- 450 **Senior Seminar** 3 s.h.
Selected problems in the theory and practice of modern government. Emphasis is placed on the training of students to do original research work. Juniors may be admitted with the consent of the instructor.

SOCIOLOGY

Requirements for a minor: a minimum of 15 semester hours' work in the department.

- 151 **Principles of Sociology** 3 s.h.
An introductory course designed to impart to the student a knowledge of himself in social context. Interrelationships in such areas as personality, society and culture are examined. The student is familiarized with major social processes and institutional functions.
- 253 **Social Pathology** 3 s.h.
A study of causative factors in the destruction of the life-organization of the individual, types of personal disorders, role impairment, the influences of social change on the structure of society, and the disorganization of selected social institutions.
- 254 **Rural-Urban Sociology** 3 s.h.
The study of rural-urban structure and ecology, particularly in the light of the planning movement and growth and development of rural-urban communities. Emphasis is placed on conceptual frames of reference for the study of cities, types of social behavior in cities, and influences of rural-city life on personality.
- 356 **Cultural Anthropology** 3 s.h.
A cross-cultural survey and analysis of social institutions, religion, art, beliefs, values and languages of peoples in industrial and non-industrial societies.
- 361 **Social Work and Public Welfare** 3 s.h.
A study of the changing philosophies and methods of social work, with particular emphasis on understanding the individual who presents the problem. Agency services for treatment are emphasized.

- 372 **Marriage and the Family** 3 s.h.
 A course designed to provide understanding of family relationships for those unmarried, those contemplating marriage, those married, and prospective counselors of all of them; a functional approach to the interpersonal relationships of courtship, marriage and family life.

GEOGRAPHY

(Required of Elementary School Teachers)

- 252 **Regional Geography** 3 s.h.
 For convenience in study, the earth is divided into regions which have some measure of unity. The topography, climate, and natural resources of each region are considered, chiefly as they relate to man's activities.

AREA VI: THE FINE ARTS

Music

The Music Department is constituted to serve the college in 3 ways: (1) to provide courses and activities in music which will add value and enjoyment to the general college program; (2) to provide sequences of courses in music which, if successfully completed, will enable students to earn a major or minor in this field; and (3) to provide the musical parts of curriculums which will prepare students for careers in teaching music privately and in the public schools.

A minimum of 40 hours in music is required for a major in the field. The following courses in the music department are required for all music majors: Music 161, 162, 261, 262, 351, 352, and 401. Students preparing to teach in the public schools must complete the following 8 additional hours in music: Music 361, 411, 412, and 2 semester hours music elective. Students majoring in music are required to continue individual work in applied music; they must complete 8 to 16 hours in this field, depending on their area of specialization. Music majors are also required to participate in ensemble throughout their course of study.¹

Music majors whose main applied field is one other than piano must demonstrate enough keyboard facility to enable them to meet the practical requirements of the activities for which they are preparing. This would mean, at the minimum, the ability to play at sight simple accompaniments. For students with no previous piano study this requirement would probably involve 3 or 4 semesters of piano. The ability in this area of each student will be reviewed at the end of the sophomore year.

Music majors are required to attend all student recitals as well as

¹An exception may be made to this requirement while a student is engaged in practice teaching.

all evening musical events sponsored by the college unless excused by the department chairman.

Students who are not music majors may also enroll in music courses for which they are qualified, including private instruction in applied music. Credit will be granted in private instruction only for work on the collegiate level. Credit or non-credit status will be determined by preliminary audition.

A student may earn a minor in music by completion of a minimum of 15 semester hours' work in music courses. These must include Music 151, 161, 162, plus six hours in Applied Music to be chosen in consultation with the area chairman.

SPECIAL PREPARATION FOR TEACHING MUSIC IN THE PUBLIC SCHOOLS

A student preparing to teach music in the public schools must study in a major and a minor performance area. The major performance area may be chosen from the following: voice, piano, organ, violin, viola, flute or clarinet. Advancement reached in the major area must at least equal the work called for in the 300-level course of private study described in this catalogue. The student must be able to play or sing solos expressively, as well as carry his part creditably in a small ensemble. Students with sufficient skill and previous study are urged to go beyond these minimum requirements and to present a recital or part of a recital in the senior year.

Study in the minor performance areas must include at least elementary study involving a string instrument, a woodwind instrument, a brass instrument, a percussion instrument, and private voice instruction unless the student already has the ability to play instruments of these types or has had extensive vocal training, in which case these requirements may be passed by advanced standing examinations.

If the student has little or no keyboard experience he must study piano until he can demonstrate enough proficiency to enable him to carry out normal duties which might arise in teaching music in public schools. This would entail the ability to read simple accompaniments, play for group singing, improvise, and make simple transpositions. Each student must pass an examination in functional piano (unless his major area is piano), this to be completed as soon as he and his advisor determine that he has reached the desired level of proficiency. All students are urged to go beyond minimum requirements in keyboard skills.

151

Music Appreciation

Development of listening ability through analysis of the elements, forms, and styles of music. The work is carried on through lectures, reports, and

3 s.h.

listening. The course is introductory and does not presuppose experience in music. Not open to students who have received credit for Fine Arts 152.

- 152 **Music Fundamentals for Classroom Teachers** 3 s.h.
A course for students with no musical background who are preparing to be elementary school teachers. Practice in sight-singing and ear training; scales; principles of notation; keyboard practice. The class meets 4 hours a week.
- 161, 162 **Basic Musicianship I** 3, 3 s.h.
An introductory course in theory intended to provide a working knowledge of musical terminology, scales, intervals, rhythms, and elementary harmony. The study includes practice in sight-singing, dictation, melody writing, keyboard application, and the writing of simple contrapuntal exercises. The class meets 5 hours a week.
- 261, 262 **Basic Musicianship II** 3, 3 s.h.
A continuation of the study of music theory. Further work in diatonic and chromatic harmony as well as simple contrapuntal writing. Drill in harmonic dictation and keyboard harmony.
- 351, 352 **History of Music** 3, 3 s.h.
A survey of musical styles from early Christian times to the present. The study includes reports, readings, demonstrations, and listening.
- 361 **Conducting** 2 s.h.
Study and practice of the techniques of conducting and score reading in both vocal and instrumental fields. Prerequisite: Permission of Instructor.
- 362 **Orchestration** 2 s.h.
Study of the characteristics and capabilities of individual orchestral and band instruments. Practice in scoring for various types of instrumental ensembles from chamber groups to full orchestra.
- 401 **Form and Analysis** 2 s.h.
Development of skills in formal analysis through the study of representative works from the various style periods. Practice in writing in some of the simpler formal patterns.

- 402 **Sixteenth-Century Counterpoint** 2 s.h.
A study of the style of vocal polyphony of the 16th century; analysis of 16th century compositions; practice in writing contrapuntal exercises as well as short compositions. Prerequisite: Music 162.
- 403 **Twentieth-Century Music** 2 s.h.
A study of the styles and techniques of 20th century music. Survey of the development of style and idiom from Debussy through the later contemporaries. Prerequisite: 352.
- 411, 412 **Music Materials and Methods in Public Schools** 2, 2 s.h.
A study of the materials, methods, and procedures of teaching music to elementary school children; the adolescent voice; Junior High School music; the general music class; organization of choral and instrumental groups on the secondary level.
- 450 **Special Problems in Music Literature** 2 or 3 s.h.
Individual study and research on problems in the field of music literature and history.
- Applied Music**
- 109 **Voice Class** 1 s.h.
Class study of the fundamentals of singing; posture, breathing, correct vowel formation, diction. Study of simple art songs in English. Class meets two hours a week. Prerequisite: permission of instructor.
- 173-174 **Chorus** 1 s.h. each
273-274
- 373-374 Study through rehearsal and performance of selected works from choral literature of the various periods. Prerequisite: permission of instructor. Three rehearsals weekly. (A maximum of four hours may count toward fulfillment of graduation requirements, with the exception of music majors.)
473-474
- 175-176 **Orchestra** ½ s.h. each
275-276
- 375-376 Study through rehearsal and performances with the Fayetteville Symphony Orchestra of selected works from the great orchestral literature. Prerequisite: successful audition. Meets two hours weekly.
475-476

- 177, 178 Band 1 s.h. each
277, 278

FUTURE DEVELOPMENT

The future development of Methodist College will continue to progress in three basic areas as follows:

1. Buildings, Grounds, and Equipment
2. Endowment
3. Student Aid

In the first area, the Development Committee of the Board of Trustees has adopted the following priorities for construction of buildings beyond those which are now completed: (1) Administration Building; (2) Auditorium-Fine Arts Building; (3) Chapel; (4) Permanent Gymnasium. It is anticipated that a major portion, if not all of these, may be completed within the next five years.

The Endowment Fund, which has already begun, will continue to be developed. The earnings from the endowment will help make up the difference between the actual administrative and instructional cost to the college per student and the amount which the individual student actually pays. In the state-supported college this comes from legislative appropriation, but in the privately-supported college, this difference must come from the church, the community, endowment, and special gifts.

Student aid is another important area of the development program. In order to make it possible for some to attend college who would not otherwise have the privilege of a college education, and for the purpose of attracting students with high scholastic attainment and potential, the college is seeking to develop an extensive program of student aid. This will be accomplished through scholarships, work opportunities, and loan funds. A schedule of scholarships presently available is carried in another portion of this bulletin. The college has been approved and participates in the National Defense Education Act Loan Fund program. It also has other loan funds available.

These areas of development offer attractive opportunities for memorial gifts from individuals, families, businesses and corporations, civic organizations, churches, church groups, communities and foundations.

FAYETTEVILLE COLLEGE FOUNDATION

The Fayetteville College Foundation, often called the Methodist College Foundation, was established even before Methodist College, for the specific purpose of providing financial aid and other support to the college.

The foundation is made up of all citizens and corporations in the Fayetteville area who have given support to the college, through gifts of cash or land, or through any other means. The community and county have pledged \$2 million in an initial building campaign and \$50,000 a year in sustaining money to make the college a success.

On February 21, 1957, the foundation deeded the campus acreage to Methodist College, and has raised more than \$1 million for the building campaign up to the present time. Fund efforts are continuing, through the foundation, its board of directors and officers, and the two full-time employees of the foundation.

The foundation offices are located in the classroom building on the campus.

This group meets in regular monthly session to discuss ways to further the progress of Methodist College.

The officers and directors of the foundation for 1965 are:
