Days Well Spent

Winter Graduates Told of a Father's Footprints, Elijah's Mantle

Winter graduates of Methodist College were urged Dec. 18 to leave clear footprints "that show evidence of days well-spent" as they begin new career paths and face new responsibilities.

Dr. Michael E. Ward, North Carolina's state superintendent of public instruction, said Dec. 18 marked the eighth anniversary of the death of his father. He revealed that his father had gone out the morning of the day he died and tilled his garden, leaving clear footprints that his family discovered later.

"We leave tracks as we move through this life," said Dr. Ward. "Your footprints will be clear. Some will follow your trail. Your example is never neutral. It's either positive or negative, helpful or destructive."

He encouraged members of the winter Class of '98 to *walk plainly* by: cherishing family and friends, being enthusiastic in their work, being peacemakers in their communities and nation, and performing acts of kindness and compassion. "I hope you will be successful and be No. 1 in integrity," he concluded.

In the morning baccalaureate sermon, Reverend F. Belton Joyner, Jr., administrative assistant to the bishop and director of ministerial relations for the North Carolina Conference of the United Methodist Church, spoke "Of Methodist and Mantles."

His sermon was based on II Kings 2: 6-15, the story of the prophet Elijah being taken up to heaven in a chariot of fire, leaving his mantle (cloak) behind for his follower Elisha. Elisha rolled the mantle up in a manner similar to what Elijah had done and struck the water of the Jordan River, which parted so he could cross.

"Your professors and friends at Methodist have been your Elijah," said Reverend Joyner. "But now they're going to be gone. Life is lived in a world of questions and that's good; it opens up things. I invite you to walk with Elijah."

"Faith has the joy of living without having the answers," he continued. "If Methodist College has done its work, you now hold in your hand the mantle of those who went before you."

Methodist awarded degrees to 112 students at the 26th winter commencement. College President Elton Hendricks accepted the flag of the Dominican Republic from Isabel Barcelo. He also presented the Sam Edwards Award to Darrell Lee Finney, voted the most outstanding Evening College student in the Class of '98.

Dr. Hendricks presented a Methodist College Medallion to Fayetteville Mayor J. L. Dawkins, citing his tireless efforts over the last ten years to revitalize the downtown area, to improve the city's image, and to improve the quality of life for all city residents.

William E. Turner, an Army ROTC cadet, took the Oath of Allegiance and was commissioned a second lieutenant.

Cordellia Murray receives a B.S. in Criminal Justice and Sociology.

The Quest For Excellence

Methodist College is growing in size and stature. In Fall 1998, the college enrolled a record 1,972 students—1332 in the regular day program and 640 in the Evening College. The number of students living on campus reached 700—the highest ever.

Methodist's academic and athletic programs are the best they've ever been. The teacher education, social work, business, golf management, tennis management, and physician assistant programs are nationally accredited.

Methodist's soccer, baseball, and golf teams are consistently ranked in the "top ten" in NCAA Division III. The faculty, students, staff, and coaches at Methodist are working hard to be the best.

All this is good news for the Methodist graduates, for it enriches the value of our diplomas. **Now is the time for MC alumni to jump on the bandwagon and help Methodist attract more good students. If you have children of college age, encourage them to consider Methodist. Phone 1-800-488-7110 to request literature or to arrange a campus visit.**

Simply The Best

We believe Methodist College is superior to the average public or private college. As a small liberal arts, church-related college, we offer students countless opportunities to grow in mind, body, and spirit. The faculty curriculum, facilities, and athletic programs at Methodist are truly outstanding. Students at Methodist are challenged, but also nurtured; they receive a great deal of special attention. Graduates of Methodist College are well-equipped not only for making a living, but also for making a life that is full and rewarding.

Will Growth Continue?

Methodist College has experienced steady enrollment growth—about 5 percent annually—since 1990.

Dr. Elton Hendricks, now in his 16th year as president of the college, believes growth will continue. He and other college officials are currently exploring the feasibility of building an additional residence hall. As College Centre Office Park develops, the old apartment buildings now used as Honors Hall will be demolished and new residential space will be needed.

Rick Lowe, vice president for enrollment services, and his admissions staff are working hard to ensure that we continue to grow. Ditto for other members of the administration, staff, and faculty.

The Methodist coaches, particularly in men's sports, have done a great recruiting job, so much so that men resident students now outnumber women by more than 2 to 1. Methodist College would like to increase the number of women living on campus. Since we have room for additional co-eds, alumni can help greatly by referring women prospects.

With additional students, Methodist will be able to upgrade its programs and facilities and attract the gifts and grants needed to meet the demands of the future.

The Bottom Line

Among North Carolina's 35 independent colleges, Methodist currently ranks 13th in total cost at \$16,480 per year for a resident student. Tuition is \$11,900. But the bottom line cost to students is generally much less.

Methodist College believes that no qualified student should be denied entry because of limited finances. Methodist College **this year alone will** award students \$4.4 million in institutional funds in the form of scholarships and/or campus jobs. The \$4.4 million in financial aid that Methodist allots, combined with state, federal, and other sources, makes the college affordable to most students, regardless of family income.

Methodist has just increased its Incentive Scholarship awards for entering freshmen. These scholarships are worth \$3000-\$7500 per year, based on a student's SAT/ACT scores and GPA in high school. (See accompanying chart.)

Resident students are eligible for campus jobs worth \$1500 per year. North Carolina residents attending full-time receive Legislative Tuition Grants worth \$1,600. (See Direct Cost vs. Actual Cost Chart on facing page.)

The Greatest Gift

Since 1976, Methodist College has offered its alumni a special incentive to recruit students for their alma mater. The college has allowed each Methodist graduate to give, at no personal cost, a four-year scholarship to a new student whom he or she recruits.

In 1999-2000, a commuting student can receive up to \$1,000 per year toward tuition, while a resident student can receive up to \$1,300. The exact amount depends on the financial need of each individual; the awards are renewed annually provided the recipient makes satisfactory academic progress.

An alumna/alumnus can award one Greatest Gift Scholarship per academic year, simply by filling out an application form available from the Alumni Office. A total of 308 students are currently receiving Greatest Gift Scholarships; **many alumni are helping with recruitment and we thank you!**

Counting the Class of '98, Methodist College has now graduated approximately 6,700 students! If only 10 percent of this number recruited a student each year, Methodist's future would be secured.

The college honors its alumni by funding the Greatest Gift Scholarships. Please help a deserving student and your alma mater by awarding your personal scholarship! Phone (910) 630-7167 or 1-888-221-4826 to request an application.

Aid for United Methodist Youth

All ministers and lay persons are asked to encourage their high school seniors to consider Methodist College for higher education. During the spring semester the Campus Minister's Office will mail to each minister a Pastor's Certificate. This may be awarded to persons who have been accepted at Methodist College. This certificate is worth \$1000 over the period of four years. Students should present this certificate to the Enrollment Services Office when applying to Methodist College.

The North Carolina Annual Conference has a program for recognizing six "Outstanding Seniors" in each of the twelve districts. Any students who are accepted at Methodist College and are recognized at the district level as an Outstanding Senior may apply for the B.F. Stone Scholarship. This scholarship is worth \$2000 per year and is continued as long as the student maintains a 3.0 grade point average for a total of \$8000.

When an "Outstanding Senior" is accepted at Methodist College, he/she is requested to write the MC Church Relations Office and ask to be considered for the B.F. Stone Scholarship. If there are three or more applicants, a committee at the college will determine the two with the highest scholastic average. In each district the representative on the Commission of Higher Education has written the pastors and is conducting a campaign to elect the six seniors.

If you have questions, please call Dr. Tryon Lancaster in the Church Relations Office at (910) 630-7006, or the Enrollment Services Office at 1-800-488-7110. We encourage and welcome United Methodists to bring any student to our campus for a tour, which can be arranged through either of the above offices. ■

Direct Cost vs. Actual Cost

A critical concept in the financial aid process is the difference between "direct cost" and "actual cost." Direct cost is, by definition, the amount a college charges for tuition, room, board, and fees. Actual cost, on the other hand, is the amount of money a family must actually pay from their own resources to meet the direct cost of the institution. The actual cost to a family may be essentially the same at several institutions, even if the direct cost is considerably different at each of them. This is because actual cost is determined using the Expected Family Contribution (EFC) as a basis for awarding financial aid. Financial aid awarded is subtracted from the direct cost to determine actual cost.

The financial aid process is designed to make the actual cost of all colleges and universities affordable. Methodist College financial aid packages are awarded with consideration given to both financial need and academic performance. The following sample illustrates our ability to meet the demonstrated financial need for the Doe family.

Incentive Scholarships

Methodist College offers Incentive Scholarships to entering freshmen and to freshmen transfer students who meet the criteria shown in the following chart. In the case of freshmen transfer students, they must also have attained a grade point average (GPA) of 3.0 on all college level courses attempted at their previous schools. Renewal of Incentive Scholarships is determined at the end of a two-semester period and is contingent on the student making satisfactory academic progress. This scholarship program is applicable only to students enrolled full-time (twelve semester hours or more) in the regular academic (day) program. Renewal of the scholarship cannot be extended beyond the eighth (8th) semester of college-level work.

The brick plaza between the Trustees' Classroom Building and the addition to Davis Memorial Library is under construction. Over 150 bricks have been purchased by Alumni, Trustees, Friends, Parents, and Faculty and Staff. Add your name, that of a classmate, a favorite professor or family member. Those who've purchased bricks include:

BRICK \ 'brik\ n: (1) building block of baked clay (2) means to help Methodist College build a grand entrance to its central campus (3) object to forever mark someone's existence.

Most people would define a brick as clay blocks used in constructing buildings. Methodist College has used thousands of them since 1989 in the construction of nine new buildings on campus. However, a brick carries more meaning than this.

With the construction of Walter B. and Margaret T. Clark Hall and the addition to the Davis Memorial Library, the center of campus has shifted to the south. To create a beautiful entryway to the central campus, Methodist College is adding a brick plaza with a patio and walkway between the Trustee's Classroom Building and the Davis Memorial Library Annex. This area will also serve our students, faculty and staff, and alumni as a place to study and socialize.

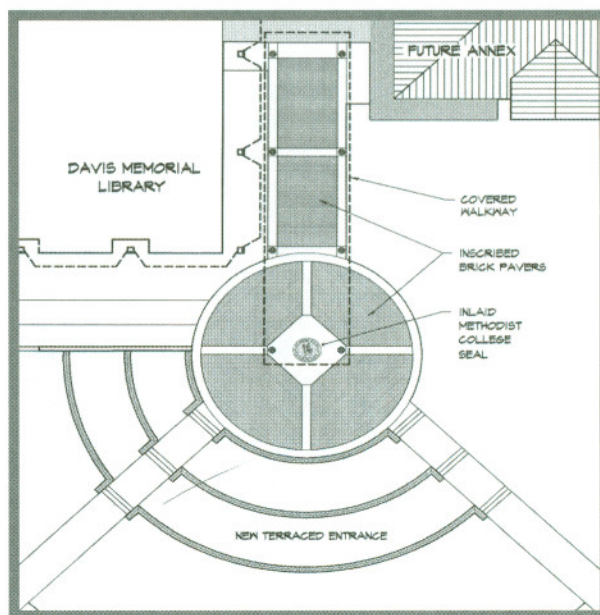

We are also offering you, our alumni, faculty and staff, parents, and other friends, the chance to forever leave your mark on the campus of Methodist College by investing in a personalized brick to be displayed on the patio area of the plaza. Although this is an on-going project, orders are being received now for installation at the completion of the Davis Memorial Library Annex.

You may wish to engrave your name, with or without class year, or the name of a loved one. You may also wish to purchase a brick in memory or in honor of someone special. Each brick will accommodate three lines of engraving and up to 16 characters per line, including spacing and punctuation.

- Cost: Bricks are \$100 each including engraving.
- Bricks can be purchased with name and class year, family name,

business name, in memory or in honor of someone.

- Please return the form below with your payment. Make checks payable to Methodist College. VISA and MasterCard are also accepted.
- Mail to: Methodist College, Office of Institutional Advancement, 5400 Ramsey Street, Fayetteville, NC 28311.

The Monarch Pages

From football to basketball to track, MC athletes excel both on and off the field.

Monarchs Take Honors

The Methodist College football squad made its 10th season an exciting one, amassing 14 all-conference athletes, two all-region selections and one All-American.

MC, 7-3 overall, finished 3-1 in the inaugural six-team Atlantic Central Football Conference for league runner-up honors.

Methodist led the ACFC in pass offense (181.5 yards per game), punt returns (13.7 yards per return) and pass efficiency (141.7 rating points).

The Monarchs were second in the league in scoring offense (a program-record 25.7 points per game), scoring defense (16.3 points per game) and pass defense (138.4 yards per game).

Senior QB Brian Turner, senior WR William Ray and senior DB Trayfer Monroe were all chosen to the First Team All-ACFC. Senior OT Andrew Mullis and junior DL Tavares Hunter were both picked to the Second Team All-ACFC.

Sophomore RB Pat Mebane, junior OL Damon Sloan, freshman WR Jamaal Williamson, senior RS Darrien Tucker, freshman DL Jerome Tucker, junior DL Shaun Bowman, sophomore LB Fred Ford, sophomore LB Kenneth Hiscock and senior LB Chad Smith were all named to the Honorable Mention All-ACFC.

Monroe was also selected to the *National Weekly Football Gazette* First Team All-South

Region for the second consecutive season. *Football Gazette* also tabbed Monroe a Third Team All-American.

Monroe became the ACFC's first tackles champion, tallying 116 in just nine games. His 373 career tackles narrowly missed Steve Burton's program-record 379 set in 1995.

The two-year team captain and three-time defensive team MVP was selected to three postseason All-America teams in 1997 and three preseason All-America rosters in 1998.

He was named a regional player of the week and a national defensive player of the week once each by *Football Gazette* this season.

Mullis was named to *Football Gazette's* Second Team All-Region. He was the offensive line's production point leader for six of MC's 10 contests. He also racked up 52 knockdown blocks and 30 touchdown blocks while allowing no sacks.

USA Football invited Turner, Mullis, Monroe and Ray to all-star games for early 1999. Turner has been invited to games in New Orleans and Myrtle Beach while Mullis' presence has been requested in New Orleans. Both Monroe and Ray were invited to Myrtle Beach.

In the final regular season NCAA-III statistics, Tucker finished 14th in punt returns (13.5 yards per return), Ray ended up 21st in receiving yards (100.4 per game), freshman Halbert Adderly finished 26th in kickoff returns (26.0 yards per return) and Turner was 30th in pass efficiency (144.7 rating points). ■

Senior forward Paul Smith (#22) has been named to the First Team All-South Region.

Soccer Team Earns Accolades

Senior forward Paul Smith was named to the First Team All-South Region while junior midfielder Nathan Litten was picked to the Second Team in men's soccer.

Smith was a First Team pick in 1996 and a Second Team choice in 1997. He was also tabbed to the First Team All-DIAC for the third consecutive season.

The program's third all-time leading scorer, Smith (47 goals, 20 assists, 114 points) was the team's leading scorer (12 goals, six assists, 30 points) for the third-straight year.

In his first year with the Monarchs, Litten was the squad's second-leading scorer. He finished with seven goals and three assists for 17 total points.

On the women's soccer scene, junior Trisha Clinton was the top forward selected to the Second Team All-South Region.

Earlier in the year, she dominated the DIAC in scoring (26 goals, six assists, 58 points) on her way to Conference Player of the Year accolades.

The four-time DIAC Player of the Week finished the year ranked seventh in the country in goals and 10th in points.

Clinton set a new school record with five goals in a season-closing 8-2 victory at Chowan. ■

Senior William Ray (#47) became the first-ever First Team All-ACFC wide receiver.

Lady Monarchs Off to Strong Start

Led by 10 of 11 letterwinners back from a year ago, Coach DeeDee Jarman's second pack of Lady Monarchs is off to a strong start. MC is 4-2 on the season, a mere eight points shy of a perfect 6-0 mark.

After the six contests, senior Amy Todd has adjusted well to her move from forward to center, pacing the Methodist offense with 21.5 points and 12.0 rebounds per game.

In a 74-63 victory at Chowan, Todd set a pair of school records with 38 points and 15 field goals. Those 38 points smashed Terri Turner's 10-year-old mark of 32.

In the Lady Monarchs' 69-63 home-opening win over Apprentice, Todd became only the third MC women's basketball player to score 1,000 career points.

Currently Methodist's third all-time leading scorer, Todd (1,011 points) only trails Daphne Akridge '93 (1,458) and Anne Uleman '94 (1,039).

Despite only beginning her third year at MC, Todd is the school's all-time leader in blocked shots (80) and is third in rebounds (631), third in free throws (245) and fourth in field goals (384).

Currently, junior guard Triba Williams is second on the team in both scoring and rebounding. She averages 15.5 points and 5.3 boards per contest.

Through six games, Williams leads the squad in steals (15) and free throw accuracy (.778). Williams and Todd each boast a team-high seven blocks.

On the MC all-time charts, Williams ranks fourth in three-point field goals (47), fourth in steals (143) and fifth in blocked shots (31).

Todd and Williams were both named to the Sewanee Tip-off Classic All-Tournament Team as Methodist finished second.

Todd amassed 65 points and 28 rebounds in road games against Meredith and Chowan on her way to DIAC Player of the Week honors.

Junior forward Erin Updegrave is averaging 13.6 points, 4.6 rebounds and a DIAC-leading high 4.8 assists per game.

Senior guard Priscilla Farhan is currently third on MC's all-time list with 334 assists. She trails Belinda Lellock '90 (412) and Stefanie Duncan '95 (346).

The preseason DIAC favorite, the Lady Monarchs begin league play in January. ■

Early in her second year at the MC helm, Coach DeeDee Jarman is 20-13 (.606) for her career.

Hoops Open at 2-3

Entering the holidays, the young and injury-plagued Monarch hoopsters are off to a 2-3 start.

The wins were against perennial South Region power Maryville (TN) and Savannah Art & Design in MC's home opener.

So far this season, freshman guards Adam McGuire and Auriece McCain have taken turns at DIAC Player of the Week accolades.

Senior guard Montrell McNair is the team's lone scorer averaging in double figures at 15.6 points per game.

McNair and senior forward Clayton Stewart led MC to a runner-up finish at the Sewanee Tip-Off Classic on their way to all-tournament honors.

Methodist currently leads the DIAC in scoring defense. MC has led the league in scoring defense two of the past three years.

Triba Williams (#14) is one of many reasons that the Lady Monarchs are off to a 4-2 start.

20 x 2000

A Challenge to the Alumni of Methodist College

What is the College's 20 x 2000 goal?

On July 25, 1998, the Board of Directors of the Methodist College Alumni Association endorsed an ambitious goal: reaching 20% alumni participation by the year 2000. Currently at 15%, the goal set will help position MC for a new century of growth.

What will 20 x 2000 accomplish?

Alumni participation is one of the most widely used measures of alumni allegiance to their alma mater. No other factor holds as much power in terms of institutional quality in the eyes of charitable foundations, corporations and other individuals. The overall growth of Methodist College — enrollment, new majors, new and renovated facilities speaks well for the College's position among its peer institutions. Sustaining and continuing this growth requires the support of those who know best the quality of the Methodist College experience.

What can I do to help?

Each alumnus and alumna can help MC reach 20 x 2000. The size of the gift doesn't matter. Each gift made between now and the year 2000 puts MC one step closer to reaching its goal. Each gift counts as a symbol of alumni loyalty and each gift helps make larger gifts possible.
