	Framed pair of ladies kid leather formal dress gloves	2018009			1824-1825	Made for 1824-25 Tour. Exceedingly rare to find even one. Few institutions have examples. Back Story: they were available to ladies early during his 1824-1825 US tour. When he bent to kiss the hand of the first lady wearing them, he hesitated and said he was uncomfortable kissing himself. The story suggests he asked that Ladies not wear them when they were presented to him. Finding an example of this item has been #1 on my list since day one. Took 8 years.
